TRINITY FINALS ATTRACT CROWDS

Commencement Sermon by Dr. Dawson and Address by Dr. Kilgo.

GRADUATING ORATIONS AT NIGHT

New Bishop Will Continue to Reside in Durham and Will be Connected With College—Member Board of Trustees.

(Special Star Telegram.)

Durham, N. C., June 7.—At Trinity College this morning the scholarly and learned Dr. William J. Dawson delivered the commencement sermon, one of the few really great sermons that have been preached here in recent years. Craven Memorial Hall was packed to the doors with a cultured audience, friends and relatives of the graduates and a host of alumni.

Dr. Dawson took as his text the third chapter of Exodus and the second verse: "And the angel of the Lord appeared unto Moses in a flame of fire out of the midst of the bush, and he looked and behold, the bush burned with a fire and the bush was not consumed."

"The scriptures afford us no better example of the education of a patriot than the story of Moses. He is born of a race, which is to deliver, but he escapes the bitterness of their thraldom by a turn of events which makes him a dweller in king's houses and gives him the education of a king's son. Tradition affirms that Moses was a general in the armies of Pharoh, a legend we can well believe of a man who was destined to lead the army of fugitives through the wilderness and turn a mob into a nation. He grows up near enough the throne to understand the hollowness of its splendor and near enough the slave to feel the bitterness of his lot. He begins his public career by an act of violence which, nevertheless, had the prophecy in it of all his subsequent heroism. The weapon of freedom are rods; the glory will come by and by."

Applying the life and aims of Moses to the battles and struggles to be expected by graduates just stepping into the arena of life he said:

"When a man gets Moses' faith in God there always comes with it a passion for duty. I do not say that it comes immediately. It did not with Moses and there is nothing more interesting to note how slow Moses was in receiving into his heart the flame of duty.

"So let is be with you in the daily life of the city. Dare to speak the difficult right, or to do the difficult right deed; you who have come near enough the burning bush to believe in a God but have never been garlanded in its sustaining and purifying flame.

"I will tell you what will make you old very soon. An exhaustive life lived for little things and spent over trifling performances. But if you want to keep young come out of the trivialities of life; begin to flame and burn with some great truth or some great purpose, and you will find the secret of youth. This is what we find all through the biographies. Read for example such a life as John Wesley's and you will find that though he died at 86 he was the youngest man in his ministry when he died. What do you see there flaming in him?

"The lamp of duty still burns upon the altar of the church. Everywhere you get the service in the graceful sanctuary. The lamp of truth still burns on the altar of the church; but there is a third lamp which I think is burning down and going out, and that is the lamp of enthusiasm. People have no passion for God, and the preachers have no passion for souls, and the churches have no passion for the people, and when passion goes out of the pulpit and out of truth, and out of the church, then, though the lamp of duty goes on burning and the lamp of truth is not quite extinguished, God has gone out of the church and there is left the desert place. But here the call that comes from that far-off story of Moses in the desert. Get back to a vivid sense of a personal God and you will get the vivid enthusiastic passion that will make truth living and will give you back that quality which is alone a conquering force."

At 1 o'clock in the gymnasium the annual alumni banquet was held. Covers were laid for two hundred. Congressman Small did not arrive and Bishop Kilgo delivered the address of the occasion. It was a masterpiece and for one hour held the close attention of the crowd of Trinity graduates. He chose as his subject, "Endowed Colleges" and said, "Endowed Colleges are the only institutions of higher learning that are really fearless and are true exponents of liberty and freedom in education, endowed colleges stands in fear of no political body, cringes at the feet of no sect. It is the only college where a man has perfect freedom of thought. Other institutions are controlled by political or other power and fear to teach what they think." He paid the highest compliment possible to the new president, Dr. W. P. Few, and said that there was not a man living who was better fitted to take up the work where he left off. Dr. Kilgo was elected a member of the Board of Trustees, and said he would continue to reside in Durham. This brought down the house and the crowd cheered wildly. Dr. Kilgo will continue his connection with the college and occupy the chair of Biblical Literature. Short speeches were made by President Few and others. A movement was launched to establish scholarships to be known as "The John C. Kilgo Alumni Scholarships," which will be perpetuated by the alumni. Tonight in Craven Memorial Hall the graduating orations were delivered.

HOUSE WILL NOT AMEND BANK BILL

Adopted Special Rule Placing Measure on its Way to Final Passage.

DEMOCRATS CHARGE GAG RULE

Debate Limited to Eight Hours With All Possibility of Amendment Cut Off—Vote on Measure Expected Next Thursday.

Washington, June 7.—With the Democrats attacking the Republicans, denouncing the "insurgents" for their alleged insincerity, and assailing the "regulars" for bringing in a "gag rule" to further a party measure, and the Republican leaders retaliating by charging the Democrats with similar performances, when they were in power, a special rule was adopted in the House today which placed the postal savings bank bill on its way to final passage, with the debate limited to eight hours and all possibility of amendment cut off.

The special rule providing for the passage of the bill was brought in by Representative Dalzell, chairman of the Rules Committee, immediately after the railroad bill had been sent to conference. The debate on the rule was limited to one hour, but both sides occupied their full share of it by heaving heavy verbal brickbats at the other side. The vote at the conclusion was 150 to 139 all but the ten of the "insurgent" Republicans having voted with their party for the adoption of the rule.

The rule which the Democrats designated as a "gag rule" provided for the immediate consideration of the postal savings bill, the limiting of the debate to eight hours, the prohibition of all amendments and the allowance of the offering of one substitute and a motion to recommit. The rule was reported by a strict party vote in committee and over the protest of the Democratic members.

The denunciating of the "insurgents" was particularly vigorous on the part of Representative Fitzgerald, of New York, who charged them with insincerity in regard to a reformation of the rules of the House. Facing the section of the House where the "insurgents" sat Mr. Fitzgerald exclaimed, amid Democratic applause, "It seems now that the real protest of the "insurgents" was against gag rule in their course, and having obtained greater liberality in their caucus they are perfectly willing to apply gag rule in this House. Never before during my service in this House have I seen brought in here a rule so drastic and so unfair."

Representative Clark the minority leader, also vigorously attacked the special rule and Representative Dixon, of Indiana, and Underwood, of Alabama, joined Mr. Fitzgerald in flaying the "insurgents." Representative Dalzell defended the rule.

Representative Boutell, of Illinois, replied to the Democratic criticism of the Republican course, by reminding the minority of the tactics they had employed in passing the Wilson tariff bill in 1894.

"Then," he shouted, waving his hands towards the minority side, "you came in here dragging 600 amendments to the tariff bill and proceeded to pass them all in two hours without even the reading of a single amendment."

"Where on that day was the gentleman from Missouri?" (Mr. Clark) inquired Mr. Boutell. Then replying to his own question by reading from the Congressional Record, he showed that Mr. Clark had voted for each of the unread amendments.

As soon as the rule was adopted, Representative Weeks, chairman of the Committee on Postoffices and Postroads, in charge of the bill, obtained an agreement by which the bill would be taken up again on Thursday morning at 11 o'clock in order that the House might be able to vote on the measure at 6 o'clock on the evening of that day.

Washington, June 7.—Mrs. Arthur Pue Gorman, widow of the late Senator Gorman, of Maryland, is seriously ill at her home here and physicians hold little hope for her recovery. Her children have been summoned to her bedside. Mrs. Gorman's health began to fail about a year ago and a few days ago it became radically worse. Five of her daughters and her son are with her.

ITALY A TARGET FOR MISFORTUNE

Another Serious Earthquake Causes Great Damage and Loss of Life.

DEAD FOUND IN THE RUINS

Earth Shocks Affected Practically the Whole of Southern Italy—Violent Cyclone Sweeps Vast Region of Sardinia.

Rome, June 7.—Great apprehension has been caused again by seismic disturbances, the official reports showing that the zone affected by the earthquake shocks today is a vast one, embracing practically the whole of Southern Italy as well as a portion of Tuscany and Venetia, to the north. But the district where serious damage occurred only extends about 50 miles around Mount Vulture, which is an extinct volcano near the town of Calitri, in the Province of Avellino.

This region has suffered much in the past from earthquakes and in 1851, 800 persons were killed. The number of casualties resulting from the earthquake today has not yet been definitely ascertained some of the reports estimating the dead at 50 and the injured at several hundred. It is feared that there are many buried in the ruins of the houses which were thrown down in Calitri, while great damage was done at other places with doubtless a considerable loss of life.

The government has taken hold of the situation with promptitude and although the earthquake occurred during the night, it was not long before the military and civil authorities were hard at work, rendering aid to the injured, preparing places of shelter for the homeless and bending their energies to the re-establishment of order.

Premier Luzzatti received word of the disaster at 5 o'clock in the morning, less than two hours after the occurrence of the quake and he at once communicated the news to the King. The latter decided to leave immediately for the district. He intended to go alone, but Queen Helena insisted upon joining him.

The King thought that this was not necessary as the situation at Avellino was not to be compared with that at Messina, where their majesties spent several days in alleviating the distress of the people.

In reply to the King's protest Queen Helena retorted: "As my presence is necessary at all festivities, it must not lack where the people die and weep. In the South Italians suffer; therefore, I must go. It is my place as a woman and a mother."

The King and Queen were cheered by the crowds at the station and carefully inspected the medical and other supplies.

Misfortune seems to have chosen Italy as a target. While the South has been afflicted by an earthquake the vast region of Sardinia, the largest island in the Mediterranean after Sicily, was ravaged today by a violent cyclone. The districts of Lanusei, Tortoli, Elini and Jerseu have been devastated, and the crops, vineyards and cattle destroyed. It is believed that many sheppards have followed the fate of their flocks. The damage in Sardinia is estimated at $2,000,000.

Wrought Great Havoc.

Vellino, Italy, June 7.—An earthquake, characterized by one severe and several minor shocks, which occurred shortly after three o'clock this morning, wrought great havoc throughout the Province of Avellino in the compartment of Campania. The entire region extending for a radius of 50 miles, was thrown into a panic. While the city of Avellino practically escaped damage, the town of Calitri, some 35 miles distant, suffered severely. Reports received here indicate that half the buildings in Calitri have been wrecked. The number of killed in that place is estimated from 25 to 50 while scores have been badly injured.

From many other towns and villages come stories of fallen homes, death and suffering. At San Selee, in the Province of Potenza, six persons were killed and five injured. The convicts in the prison at Benevento became panic stricken and tried to force their way past the guards, but they were overpowered by the troops.

King Victor Emmanuel and Queen Helena arrived here at 10 o'clock this evening, but remained on the train, where they spent the night. They will proceed tomorrow morning to Calitri and other stricken towns and will be joined by the Duke of Aosta, who is now on his way here.

Tonight the people of Avenillo, although somewhat reassured that the shocks did not recur during the day are remaining in the open. Crowds are gathered in the squares and the fields around the town, where fires have been lighted, about which are gathered pitiful groups, who fear to return to their homes.

NAGEL AT TRINITY TODAY.

Commencement Address by Secretary of Commerce and Labor.

OXFORD HONORS ROOSEVELT

Degree of Doctor of Civil Laws Conferred Upon American Ex-President— Lecture on "Biological Analogies."

Oxford, Eng., June 7.—Oxford today conferred upon Theodore Roosevelt the honorary degree of doctor of civil law. The ceremony took place in the Sheldonian theatre, where for three centuries and more, it has been the custom to hold the encaenial exercises the annual commemoration of the founders and other official assemblies, but Mr. Roosevelt's reception surpassed in enthusiasm anything within the memory of the oldest Oxonian.

His Romanes lectures dealth with "Biological Analogies" in history.

Toward the close of his address, however, Mr. Roosevelt's voice failed, and he was obliged to leave undelivered a portion of his prepared lecture. The former President won the great audience by his vigorous utterances and forceful gestures, being cheered repeatedly at various stages of his speech. Even the usually solemn red robed dons were carried away, and stood up and joined in the loud lunged hurrahs of the younger element.

Lord Curzon, of Kedleston, Chancellor of Oxford University, in introducing the newly created D. C. L., who appeared for the first time in the red robes of the doctorate, spoke of Mr. Roosevelt as "a ruler of men—the most conspicuous figure in America since Abraham Lincoln."

After touching on the former President's many achievements, the Chancellor said: "Although he is now taking a holiday, it is undreamable that such a man will long remain out of public life."

Following the lecture Mr. Roosevelt and 150 Americans, including all the Rhodes scholars, lunched together. F. P. Griffiths presided and introduced the ex-President, who expressed the appreciation of all the Americans for the great gift of Cecil Rhodes and the hospitality of Oxonians to scholars. This evening Mr. and Mrs. Roosevelt dined with the Vice Chancellor of the University and remained at his residence for the night.

Nine cabins have been engaged for the Roosevelt party in the steamer Kaiserin Auguste Victoria, which will sail from Southampton June 10th for New York.

NO ACTION ON RAILROAD BILL

Administration Measure Went to Conference Yesterday—Eastern and Western Roads Have Agreement With Taft.

Washington, June 7.—The recent flurry as to the railroad situation became a thing of the past today. The railroad presidents went home; President Taft went horseback riding and the railroad bill went to conference.

The Eastern and Central railroads, at a conference with the President this afternoon agreed to withhold all proposed freight rate increases until the new railroad law becomes effective and after to submit the reasonableness of the increases to the Interstate Commerce Commission.

The railroads interested in the Southern territory declared they have not as yet filed notices of increase, but that if they did, they would be ready to abide by the decision of the commission.

At the capitol things were not so pleasant. President Taft sent a special message to Congress telling of the settlement he had reached with the railroads and urging that the provision of the railroad bill which gives the Interstate Commerce Commission the power to investigate and suspend rates, be made effective immdiately upon the signing of the act rather than have it go into effect along with the other clauses which have a 60 day limitation following the executive approval of the measure.

The President did this as a part of the agreement with the railroads by which he promised them a "square deal," and a speedy determination as to the justice of their rates. He also did it to prevent the filing of any new rates during the 60 days between the signing of the act and the taking effect of the new law.

There was a bitter fight in the House as to whether the Senate amendment should be accepted as a whole or the measure should be given into the hands of conferees from House and Senate. The Insurgents and Democrats, who were opposed to a conference, declared that the President's wishes as to the immediate effectiveness of the inter-state commrce rate-approval clause could be met by an agreement on the part of the House. The regulars who desired to have the bill sent to conference for a "smoothing out" process declared that the only way to effect the President's wishes was to send the bill to conference. They finally won out by six votes.

The President's conference today was with Presidents James McCrae, of the Pennsylvania, W. C. Brown, of the New York Central, and W. W. Finley, of the Southern railroads. These men represented all of the trunk lines from Chicago eastward. There was little surprise when, after the conference which lasted an hour and a half the statement was issued that there had been a complete agreement.

When the bill was brought up in the House, that body almost accepted it, missing that consummation by the slim margin of six votes. The vote came on a motion by Representative Lenrook, an "insurgent" Republican of Wisconsin, who moved to concur in the Senate amedments with an amendment to section 9 of the bill requiring increases in railroad rates to be submitted to the Interstate Commerce Commission in advance become immediately effective.

The close vote was caused by a combination of Democrats and "insurgent" Republicans and five "regular" Republicans.

The bill finally was ordered sent to conference and conferees on the part of the House were named.

These were Representatives Mann, of Illinois, and Wagner, of Pennsylvania (Republicans) and Adamson, of Georgia (Democrat). The Senate conferees, already named are Senators Elkins, of West Virginia, Aldrich, of Rhode Island, (Republicans) and Foster, of Louisiana, (Democrat).

President Taft recommended the change in the Senate bill proposed by Mr. Lenrook in a message to Congress in accordance with his agreement with Western railway presidents, reached last night, although he did not commit himself upon the question of concurrence on the subject.

NO EXTRA SESSION MAY BE REQUIRED

American Tobacco Company Bids For One Million of State Refunding Bonds.

THE BANKERS MEET FRIDAY

Statement Issued by State Treasurer Lacy—His Faith in Patriotism of North Carolinians—Purpose of Legislature.

(Special Star Telegram.)

Raleigh, N. C., June 7.—This afternoon a bid for a million dollars of the State refunding bonds was received from the American Tobacco Company that seems certain of saving the State from the necessity of assembling the Legislature in extra session, since there is no doubt if the conference of bankers of the State tomorrow, with the Governor and Council of State, along with other outside bids, that will be in hand for the final sale Friday, will easily take up the entire $2,111,000 remaining bonds of the $3,-436,000 issue.

The bid by the American Tobacco Company leaves $1,111,000 to be taken care of by the conference of bankers tomorrow and through other bids that are coming in to be opened Friday.

In a statement issued this afternoon by State Treasurer Lacy, he says he does not expect the Legislature to have to be called together after all, as North Carolinians can always be depended upon in a crisis and he is satisfied that when he opens bids Friday all the bonds needed will be subscribed for. Furthermore, that he is proud of the fact that the people of small means as well as the wealthy, are bidding. He serves notice that there is no probability of the interest rate on any part of the bond issue being changed from 4 per cent. to the higher rate and that if the Legislature should be called together, it would only authorize the borrowing of money sufficient for taking care of the bonds falling due and not covered in the bond sales made. This money is assured at not more than 4 1-2 per cent, for 12 months and in the meantime there will be not the least trouble in marketing whatever bonds are left on hand at this time.

ILLINOIS BRIBERY INQUIRY.

Brown Brought to Trial in Criminal Court Yesterday.

Chicago, June 7.—Lee O'Neill Brown Democratic minority leader in the Illinois Legislature, indicted on charges of bribery in connection with the election of William Lorimer, as United States Senator, was finally brought to trial before Judge McSurely in the criminal court today, after the defense had exhausted every means to delay the case. When court adjourned till tomorrow the State had tendered four prospective jurors to the defense.

Despite a technical fight by his attorney, Brown was brought into McSurely's court at noon on a forthwith capias.

The busy day opened when Judge Kickham denied the application of the defense for a writ of habeas corpus.

Before the examination of the venire men was started, W. S. Forrest for the defense made a formal motion that Brown be discharged from custody. Judge McSurely immediately denied the motion. A motion to quash the capias was also denied. The defense then asked for a delay until July 20th but that was denied.

While the veniremen were examined a new bond for $15,000 was signed for Brown. The examination of the veniremen created little interest.

CARS REACH CHARLOTTE.

Sixty-Sight on Good Roads Tour to New York.

Charlotte, N. C., June 7.—Fifty-eight of the 62 contesting cars, besides eight official cars checked out of Atlanta Monday for the good roads tour to New York, reached here safely this afternoon. There were seven new penalizations. John Grant, whose locomobile lost a wheel beyond Winder, Ga., Monday morning, reached here tonight covering 216 miles today, this being the longest run ever made on the National highway. Hearty receptions were given the tour along the 459 miles traversed, especially at Spartanburg the noon control, and Charlotte, the night control, where elaborate entertainment has been provided.

Tomorrow's noon control is Winston-Salem, the night stop being Martinsville, Va.

NORTH CAROLINA EDITORS ARRIVING

Annual Convention of Press Association Begins at Wrightsville Today.

ATTENDANCE WILL BE LARGE

Estimated That More Than a Hundred Have Already Arrived—Convenes at Tarrymoore Hotel This Morning at 9:30.

Wilmington and Wrightsville Beach are delighted to number among their more than thirty-five thousand population this morning more than a hundred North Carolina editors, members of their families and friends who are here for the annual convention of the State Press Association, which begins this morning at 9:30 o'clock at the Hotel Tarrymoore and will continue in session through Friday.

The delegates began arriving yesterday morning on the train from the North, the advance guard being headed by that prince of all good newspaper men, Mr. John B. Sherrill, of Concord, secretary of the association, and each train during the day contributed its quota to the number who will be here for what promises to be one of the most largely attended and most profitable sessions in the long and distinguished history of the organization The largest crowd, quite a hundred, reached the city on the early morning train today over the Seaboard Air Line, occupying a special Pullman, which was in charge of Mr. H. S. Leard, division passenger agent of the system. The train was met at the station by a special trolley car, to which another was added at the junction and the party was taken straight through to the beach, where the hotels were in waiting for them. All the trains were met by the reception committee of the local press and officials of the Tidewater Power Company, who have kindly placed all rolling stock and everything else needed to their perfect enjoyment while here at the disposal of the editors, while a similar courtesy is always extended by Capt. John W. Harper, of the steamer Wilmington and mayor of Carolina Beach.

The convention will be called to order by the president, Rev. J. O. Ankinson, D. D., of Elon College, this morning at 9:30 o'clock in the assembly hall of the Tarrymoore and after prayer by Rev. Hight C. Moore, of the Biblical Recorder, the address of welcome in behalf of the city of Wilmington will be extended by Alderman Fred W. Bonitz, representing Mayor MacRae, who was unexpectedly called out of the city. The address on behalf of the municipality of Wrightsville Beach, will be extended by Mayor Thos. H. Wright, and in behalf of the press of Wilmington, a fraternal greeting will be extended by Editor James H. Cowan, of the Evening Dispatch. The response will be by Maj. H. A. London, of the Pittsboro Record.

These preliminaries will be followed by the annual address of the president, Rev. Dr. Atkinson, on "The Faith of a Journalist", the remainder of the day's programme being as follows:

Essay—"Harmony in the Sanctum"—Col. Wade H. Harris, of the Evening Chronicle.

Essay—"The Business Side of the Newspaper,"—O. F. Crowson, of the Burlington News.

Essay—"Our Problems Viewed Through Blue Glass"—R. W. Vincent, of the Charlotte Observer.

Address—"The Appeal of Public Health to the Press"—Dr. W. S. Rankin, secretary of the State Board of Health.

Appointment of committees, miscellaneous business, adjournment.

Wednesday Afternoon—2:30 O'clock.

Association called to order.

Reading of Historian's Paper—Archibald Johnson, of Charity and Children.

Essay—"How May the Press Help in the Good Roads Movement in North Carolina, and Why?"—H. B. Varner, of the Lexington Dispatch.

"A Square Deal Between the Federal Government and the Printer."—Open discussion led by J. J. Farriss, of the High Point Enterprise.

Wednesday Evening—8:15 O'clock.

Annual Oration—Hon. W. C. Hammer, of the Asheboro Courier.

Address—"The Press and the Courts"—Judge R. W. Winston, Raleigh, N. C.

The social features of the meeting cannot begin until Thursday evening, following the reading of the annual poem by Editor D. L. St. Clair, of the Sanford Express, and an address by Dr. Henry Louis Smith, president of Davidson College, on "The Mutual Relationship of Editor and Educator." This will be in the nature of a banquet by the local press, while the ladies will be entertained at Lumina. Friday will be ladies' day and the occasion will be a delightful trip of the Association down the Cape Fear river as the guests of Capt. John W. Harper on the steamer Wilmington. Luncheon will be served on the boat and those who desire to return in time will attend the baseball game at League Park between Wilmington and Wilson. The trip down the river will be one of the big features of the meeting and the editors of the State will have the delightful opportunity of ob-

Raleigh, N. C., June 7.—Nine to two was the tearful score of an exceptionally poor game this afternoon between Wilmington and Raleigh. A number of pretty plays were evolved by Raleigh, including a sensational catch by Clemmons in which he sat down backwards in straining for a flyer, but the Sailors were too much for the home team at every critical point.

On a medley of errors by Raleigh Wilmington started the fireworks in the very first inning. After Kluttz had fanned, Dubbs was hit by a pitched ball and Tydeman was safe on error of short; Mills then hit to second forcing Tydeman at second but Doak hit a hot one to short who threw wild and Dubbs crossed the rubber. Cooper next hit to second, who did a juggling act with the sphere, and Mills and Doak checked in, Burke relieving the agony by flying to third. Clemmons started the work for the Red Birds with a single to centre; Simmons bunted safely but was called out for making the wrong turn at first; Prim flied out to short and Richardson was out at first.

In the second session, Gilmore ethered, Howard skied to centre and Kluttz to short. Raleigh: Hobbs out second to first, Phoenix safetied to left, but Keating whiffed and Phoenix was out trying grand larceny.

After Dubbs had flied out to pitcher and Tydeman was out pitcher to first in the third session, Mills swatted one to centre for an extra cushion, but Doak skied to left. Raleigh: Sherrill out short to first, Biel second to first, Clemmons short to first.

Cooper and Burke ethered in the fourth and Gilmore flied to left, while Raleigh started business in her half when Simmons bunted to third and beat it out while Prim hit to third who threw wild and Simmons took up on third and Prim on second; Richardson flew to right and Simmons scored, while Prim likewise tallied when Hobbs singled over short. Phoenix was out third to first and Keating flied to centre.

Fifth—Our Own Reuben hit a screamer to right for three stations and after Kluttz had flied to short and Dubbs was out pitcher to first, Tydeman was there with the single to left that domiciled Howard; Mills was up and Tydeman stole second but Mills ended it by flying to third. For Raleigh Sherrill was out pitcher to first, Biel singled to left, Clemmons flew to catcher and Simmons was out second to first.

Doak started the sixth with a safety to right, was sacrificed by Cooper and came home on a drive by Burke to left for three sacks. Gilmore was out at first unassisted and Burke crossed the pie tin, but Howard was out second to first. For Raleigh Prim was out second to first, Richardson was safe on error of third but was forced by Hobbs pitcher to second while Phoenix was out pitcher to first.

Tydeman singled to right in the seventh after Kluttz was out second to first but Mills went out short to first. Raleigh: Keating flied out to short, Sherrill to third, Biel singled to left but after Clemmons was up Richardson attempted a steal for Biel and was out at second.

Doak led the eighth with another single to centre and was again sacrificed by Cooper and Burke fanned, but Gilmore followed with a beautiful drive to left for two bases and Doak homed; "Our Own Rube" then swatted another to right and Gilmore crossed the pan; Kluttz then up and tripled to right and Howard registered; Dubbs flying to third. For Raleigh Clemmons walked and was sacrificed each a base by Simmons and McCormick, but Richardson flied to second.

In the ninth after Tydeman had flied to left, Mills singled to right and was sacrificed by Doak but Mills was caught napping at second and was out. For Raleigh Hobbs was out pitcher to first, Phoenix flied to second and Keating was out short to first.

DAY IN JEFFRIES CAMP

Gleason and Craney at Ben Lomond. Visitors at Camp.

Ben Lomond, Cal., June 7.—Closely following the managerial break in Jack Johnson's camp there are indications tonight of a something brewing in Jeffries camp. Just what is in the air, cannot be learned, but the presence at Ben Lomond of Eddie Craney, a San Francisco referee and Jack Gleason, one of the promoters of the fight, gave rise to rumors and speculation.

Camp visitors were entertained with a warmly contested game of handball between the two former champions. It was refereed by Jack Gleason. The two fighters, to the delight of the crowd got into a heated argument over a ball that Jeffries said was fair. Corbett was equally insistent that it was foul. The altercation waxed noisy and came near breaking up in a row.

AUTOS REACH SPARTANBURG

Noon Control For Good Roads Tour From Atlanta to New York

Spartanburg, S. C., June 7.—Spartanburg was noon control for the good roads tour over the National Highway from Atlanta to New York today. The tourists were entertained by the ladies of the city at luncheon. The first cars of the column reached here at 11:30 this morning.

Following the city's official pilot car was together with a score of other cars met the party eight miles out, the tourists wound their way through the city to the college campus. The only accident during the morning run occurred just beyond Greenville when Car No. 63 a Stevens-Duryea broke a wheel by going into a ditch. After lunch the first cars began checking out for the run to Charlotte.

MONUMENT ON PRISON SIGHT.

Will be Erected to Confederate Dead On Johnson's Island.

Sandusky, O., June 7.—A monument to the Confederate dead who are buried on Johnson's Island, the wartime prison, in Sandusky Bay, will be dedicated tomorrow.

Hundreds of Southerners, men and women representing nearly every State of the Confederacy of 1861-65, are arriving tonight to take part in the dedication ceremonies. The monument has been erected by the Robert Patton Chapter, of Cincinnati, of the United Daughters of the Confederacy, and it will be unveiled by Mrs. Mary Patton Hudson, of that city, daughter of Robert Patton, a noted West Virginia ranger.

Gen. George W. Gordon, last surviving major general of the Southern army, will deliver the dedicatory address. Sir Moses Ezekiel, the sculptor, who designed the monument and presented it to the Daughters of the Confederacy, was a soldier under Gen. R. E. Lee and will deliver the address in memory of the dead in the little cemetery. The men who are buried on Johnson's Island were officers of the Southern army for the most part.

"Gurgels"

Biff!

Well, I guess that was batting 'em some!

That looks more like the old Rube Howard.

We are guilty of Regicide again. Poor old King!

Biel led the Raleigh hitting with two safeties.

Wilson won again, which pulled Wilmington out of the subway.

The last two games have been record breakers for extra base hits.

The Sailors have shed their swaddling clothes for the swatting apparel.

Phoenix tried to keep pace with Cooper, pulling off a couple of miscues.

Burke is improving daily, and his present work indicates he is a fixture at second.

We don't want to appear covetous, but we would like to tuck away this afternoon's game.

Dubbs played an errorless game; while Cooper attended to the bobble end of the contest.

Howard kept his hits well scattered; and incidentally aided in swelling the Sailor runs by his timely batting.

Wilmington has always been Wilson's hoodoo here, and we hope the charm won't be broken on Thursday, Friday and Saturday.

The way the locals are getting caught red-handed straying off the cushions is getting to be serious, and it looks like mute work on the coacher's part.

With Mills and Tydeman going at their present rate, the pitchers of some of the other teams around the circuit will soon begin to develop acute attacks of frapped feet.

With a couple of good pitchers now, a reliable utility man, and probably a slight change or so in the infield, we ought to present an aggregation hard to beat by anyone.

Let's not forget Hudson's conscientious wind-padding, pegging and hitting when the young one's out of the game for a few days. For a long while Hudson was the only Sailor to anyways keep Tydeman company in the bingling line.

Mills kept up his Monday's clip, getting a single and double; Tydeman and Doak got two singles each, Howard a three-bagger and a single, Burke and Kluttz triples, and Gilmore a two-sacker. Maybe you wouldn't call that putting the wood to it!

Take in the Matinee today, and get tuned up for tomorrow's game at League Park. If the "bugs" don't properly support the electric board it will have to be dispensed with. The managers only want operating expenses, but they need that.

GUERRANT STARTED THE BALL

And Wilson Won From Rocky Mount Seven to Four—Landed Safely on Foreman Who Was Relieved.

(Special Star Telegram.)

Wilson, N. C., June 7.—Guerrant for Wilson started the score getting in Rocky Mount's second inning. They got onto Foreman, landing safely for three hits and three runs. Then Manager Phelan changed pitchers putting in Morris and after a trial he, too, was displaced by Walsh, when in the eighth the Railroaders scored again. In the champions' second inning three crossed the plate, ditto in the fifth making the score 7 to 4.

Kull's Off Day and Had to be Replaced by Boyle—Two Errors Finally Lost Game for the Highlanders.

(Special Star Telegram.)

Fayettevile, N. C., June 7.—Goldsboro took a hard-fought 10-inning game from Fayetteville today. Kull had an off day and allowed three hits in the first round, which with an error netted three runs. Boyle replaced him in the second and pitched a great game, losing out in the tenth on two errors behind him. In the third Dobson tripled with two men on bases and scored on a wild throw home.

MINERS RETURN TO WORK

Pennsylvania Strike Ended Yesterday. 12,000 Miners.

Scranton, Pa., June 7.—The strike of the 12,000 miners employed in the collieries of the Pennsylvania Coal Company between Dunbore and Wilkesbarre was brought to an end today when the non-union miners took the advice of Chevalier Fortunato Tiscar, the Italian consul in this part of the State, to accept the offer of arbitration made by the company.

Consul Tiscar addressed four mass meetings in Pittston and at all the meetings the men voted to return to work tomorrow morning. When the news of the result of the Pittston meetings reached Old Forge and Dunmore, the miners in these towns voted in favor of the resumption of work.

Consul Tiscar stepped into the situation for the first time yesterday. He secured a written promise from the officials of the Pennsylvania company that they would immediately arbitrate the grivances. The union officials had several times ordered the striging miners to return to work.

Philadelphia, June 7.—Philadelphia defeated Chicago today by 1 to 0 in the greatest game of the season. Neither team made an error and brilliant fielding plays were numerous. Stack, a right hand twirler held his former team mates to three hits, not a hit being made off him until the seventh inning. Bates scored the only run after two were out in the third inning on a base on balls a steal and Grant's single.

JOHNSON'S NEW MANAGER

Tom Flanagan Chosen By Champion Yesterday.

San Francisco, June 7.—That Tom Flanagan will act as business manager for Jack Johnson until after the big fight of July 4th, was the announcement made today by Johnson.

"Tom Flanagan will help me manage my business affairs until July 5, 1910" says Johnson. "While not a prize fighter, he is one of the best known amateur athletes, who has ever competed, and is respected for his honesty and integrity by the press and public the world over."

George Little aside from making threats to acquaintances about stopping the fight kept quiet today. He gain attempted to have Chief of Police Martin interfere, but the latter refused to take any part in the controversy.

CROPS IN NORTH CAROLINA

Interesting Reports by Commissioner Graham—State Bond Issue—The Wake Campaign—Other Raleigh News Notes.

(Special Star Correspondence.)

Raleigh, N. C., June 7.—In his report to the semi-annual meeting of the State Board of Agriculture today, Commissioner of Agriculture W. A. Graham, in summing up the crop conditions in this State at this time declared that the wheat crop is perhaps 10 per cent. increase in acreage and is in generally fair condition, although there is considerable complaint of damage from fly in some of the best wheat sections.

The oat crop, he says, is in good condition, and perhaps larger than in ten years. Cotton acreage is about the same as last year; corn an increase of perhaps 6 per cent., but the preparation of land for corn and cotton was the best ever known, and a large amount of both barnyard manure and fertilizer was used. The cold weather of the Spring, he says, has interfered with the stand and caused some replanting but taking the State as a whole, the stand is perhaps an average, but at least two weeks late. The same is true as to corn, but if the cold nights continue longer, the cut-worm will materially affect the stand. Should the weather become favorable and continue so throughout the season, an average cotton crop may be expected and a large increase in the corn yield. Fruit in the highest mountain sections was damaged by frost and freeze. In the rest of the State prospects are good for large yields, although there are local complaints of damage by blight or other cause.

The trucking season, he says, seems to have been profitable so far and an improvement over last year, with good prospects for the whole season.

Commissioner Graham laments the fact that North Carolina is still paying out for farm products purchased in other States something like $34,000,000, concentrated feed stuffs, grain, flour, hay, meal and hog products making up a large part of this that ought to be produced at home. He declared facetiously in his report that it is the hog pen rather than the goose quill that is mightier than the sword in the case of the farmer, the production of more corn and meat and other staples being essential. The financial statement of the Department of Agriculture submitted by the commissioner showed total receipts for six months, December to June, $137,146, compared with $107,901 for the corresponding period last year and $56,025 balance in the department treasury this June, compared with $35,902 for the same period last year. The fertilizer tonnage sales December to June this year was 566,221 compared with 459,032 for the same perod last year.

State officers say that erronious impressions have gone out the past few days that the matter of increasing the interest rate on the pending bond issue would be considered by the Legislature if it has to meet in extra session June 14th. The fact is they say, that the only relief the Legislature can give so far as meeting the bond obligations of the State falling due July 1st is to authorize the borrowing of enough money to meet the difference between the amount of the $3,430,000 refunding issue subscribed for and the amount of the bonds falling due, which is $3,427,000. The State officers are very hopeful that the conference with the State bankers tomorrow will result in relieving the situation so that the extra session of the Legislature will not be necessary.

A requisition is issued by Governor Kitchin on the Governor of New York for Jno. Dawson, alias Jno. Davidson, who is in jail there and is to be brought back to Charlotte to answer the charge of picking pockets on the occasion of the visit of President Taft to Charlotte for the 1909 May Twentieth celebration. Dawson was one of a gang of pickpockets captured by the Charlotte police who afterwards released Dawson through mistake.

The latest development in the fierce campaign between the "regular" and the "insurgent" forces of the Wake county Democracy leading up to the primaries June 25th, is the withdrawal from the "insurgent" ticket of Dr. G. M. Bell, nominated by the mass meeting as county commissioner. Dr. Bell declares that his duty to his practice as a physician precludes the possibility of his devoting the time necessary to the commissionership. The campaign workers among the regulars are declaring that the real cause is that Dr. Bell is tired of the fight and sees defeat ahead for the ticket with which he was allied. No one is yet put on the ticket in his place. The fight against I. H. Lynn, another of the "insurgent" nominees for the commissionership, has reached the stage of there being a number of signed declarations that he is known to have voted the Republican ticket two years ago and affiliated with the Republican Club in his locality.

THE STATE FIREMEN.

Newbern Making Elaborate Arrangements for Tournament.

(Special Star Correspondence.)

Newbern, N. C., June 7.—Elaborate arrangements are being made for the State Firemen's Tournament and bicentennial which is to be held in this city July 25th to 30th. During the past few days a large force of electricians have been busily engaged placing strings of 32 candle-power lights across the streets in the business section of the city. There are 80 of these strings and each string contains six globes. They are placed at intervals of eight feet and at each corner four of the strings are suspended from the poles. When this part of the work has been completed and the current is turned on the section which they cover will indeed resemble the "Great White Way". Mr. R. D. W. Connor, who is to have charge of the arrangements, arrived in the city last night and will begin at once to push things to a finish in order that there will be no mishap at the last minute. An immense grandstand seating over a thousand people will be erected on the street on which the racing is to be done. At least 5,000 people can be taken care of.

THIRD DISTRICT CONVENTION.

Called to Meet at Goldsboro July 5th. by Executive Committee.

(Special Star Telegram.)

Goldsboro, N. C., June 7.—The Democratic Congressional executive committee, under the call of Chairman W. L. Hill, met at noon today in this city and was called to order by the chairman, with Mr. T. C. Whitaker, the secretary, present. The roll of the counties of this district being called, it was found that all were represented, either in person or by proxy except Pender. The counties represented in the person of their regular committeemen were: Duplin, by Chairman W. L. Hill; Jones, by T. C. Whitaker; Onslow, by Col. S. B. Taylor; Sampson, by M. J. Newman; Wayne, by Col. Jos. E. Robinson. The counties represented by proxy were Carteret and Pamlico by J. L. Barham; Craven, by D. W. Cobb. The committee being duly organized it speedily addressed itself to the business of the call, and without friction or opposition of any kind, the date for holding the nomination convention was fixed for Tuesday, July 5th, at 12 o'clock noon, and Goldsboro was unanimously chosen as the place. This will give the delegates time to attend this convention and then go on to the judicial convention in Wilmington on July 7th.

FROM ROCKY MOUNT.

Mr. Calvin Jones Dead—Nash Primary Law—Other Notes.

Rocky Mount, N. C., June 7.—News of the death of Mr. Calvin Jones, a well-to-do Nash county planter of former years and one of the landmarks of the county, was received in this city yesterday. Mr. Jones was 96 years old and lived at the home of his sons near Red Oak. After a short illness the deceased succumbed on Saturday night. The funeral was held Sunday afternoon at 5 o'clock from the church at Red Oak after which the remains were interred in the family burying ground near Red Oak.

Petitions asking for signers have been sent to the 14 townships of Nash county, asking that the State Legislature at its special session which is called for June 14th, be asked to repeal the primary election law in Nash county, that has been considered odious by many.

Policeman W. P. Harrington, who was cut several weeks ago while he had Elsie Taylor, a young white man, under arrest and was bringing him to the city lock-up, is getting along nicely and on yesterday was able to be out of the house and was down street for several hours.

REMAINS TO ASHEVILLE.

William Sidney Porter, Well Known Writer, Will be Buried Today.

New York, June 7.—Funeral services for William Sidney Porter, who under the name of "O. Henry" became known as one of the foremost short story writers in America, took place today in the Church of the Transfiguration, "The Little Church Around the Corner" around which the author constructed several of his stories.

Many personal friends of the author attended. Mrs. Sarah Lindsey Porter, his wife, was the only relative present. The dead author's parents died some years ago, and he had no close relatives.

After the service the body was placed on board a train to be carried to Asheville, N. C., where the burial will take place.

FREE TRIAL OF SAMOSE.

Flesh-Forming Food Given on Approval by Druggist J. Hicks Bunting.

Would you like to be fat and plump and strong and hearty? Here is a chance so do it without risking the loss of a single penny.

J. Hicks Bunting Drug Co., our well known druggists, have a new treatment called Samose, which they are selling on approval, that is said to be a true flesh-forming food. It is in tablet form, retailing at 50c a box.

If it does not increase the weight, fill out the thin, scrawny form and restore health and strength, there will be no charge whatever for Samose. Go to J. Hicks Bunting Drug Co. today and get a treatment of Samose with their promise to refund the money if it does not do all that it claims.

Before commencing the use of Samose have yourself correctly weighed and note the gain from week to week.

FRIENDS GET GOOD RESULTS

Kentucky Lady Regains Her Own Health, and Advises Friends to Take Cardui, The Woman's Tonic.

Cora, Ky.—"I was so weak I could hardly walk," writes Mrs. Iva Moore, of this place. "I took 2 bottles of Cardui and was greatly relieved. It is a splendid tonic. I have recommended Cardui to many of my friends, who have tried it, with good results. Cardui certainly does more good than any other medicine."

Letters from thankful ladies throng the mails, telling of the success of this remedy, in relieving their many ailments, often after all other treatments had failed.

Such testimony, coming, unsolicited, from earnest women, surely proves the great value of Cardui as a tonic or curative remedy, for the diseases peculiar to their sex.

In the past 50 years, over a million women have been thus benefited by the timely use of that successful tonic medicine, Cardui.

Beneficial to young and old, non-mineral and non-intoxicating, Cardui well merits its high place in the esteem of those who have used it.

For sale at all drug stores.

It is certainly worth a trial.

Free Laxative For Babies

Just as a mother is careful about the food she gives a child, she should be careful about the kind of a laxative she gives it to move its little bowels. Not all remedies for this purpose, no matter how good they may be, are suited to a child.

You should especially avoid pills and tablets and powders, for they are difficult to digest and children find it hard to swallow them. And purgatives and salts and the various waters are too violent for the young. Better give it a gentle though effective laxative like Dr. Caldwell's Syrup Pepsin, which is pleasant to the taste and absolutely does not gripe. A fifty cent or one dollar bottle can be bought of any druggist, and if you give a small dose, as the directions call for, before you put the child to bed, or a small dose before breakfast, you will have a cheerful, happy child in a few hours.

This remedy has been sold for almost a quarter of a century and thousands of families know about it, but if you have never used it, and you would like to make a test of it before buying it in the regular way, send your name and address to the doctor for a free sample bottle. In this way, without expense, many mothers have learned of a way of curing children of the little ills of life, and thereby avoiding the graver diseases.

In the family of Martha Eminter of Yorkville, S. C., and I. S. Bowyer of Jamestown, Colo., no other laxative but this is used. It is a remedy for all the family, strong enough to be effective on the most robust and mild enough so that women, children and old people, who especially need a gentle laxative, can use it. You will find nothing better for constipation, indigestion, sick headache, sour stomach, flatulency and such stomach, liver and bowel troubles than this Dr. Caldwell's Syrup Pepsin. Let it be your family remedy from today on and we assure you you will have a healthy household.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.525 Caldwell building, Monticello, Ill.

TAFT NAMES MURPHY.

Newspaper Man Nominated for Augusta Postmastership Yesterday.

Washington, June 7.—Thomas D. Murphy was today nominated to be postmaster at Augusta, Ga.

Mr. Murphy is a newspaper man, having been connected with the Augusta Chronicle for a number of years. He is a personal friend of President Taft and accompanied him to Panama just before the inauguration last year. Mr. Murphy and Capt. "Archie" Butt, the President's military aide, who also hails from Augusta, have been intimate for years. Mr. Murphy not only has a high standing in his own community, but is well known throughout the South.

Excursion Here Today.

The second big excursion of the season will be run to Wilmington today. It will be from Clinton and intermediate points and will be operated in two sections, arriving at 10:30 o'clock and returning tonight. It is expected that several hundred people will take advantage of the opportunity to spend the day at the resorts around Wilmington.

Charges Against Patent Medicines.

Most of the charges against patent medicines as a class have no foundation in fact and are manifestly unfair and unjust.

There are a large number of standard remedies like Lydia E. Pinkham's Vegetable Compound used in thousands of American Homes which have saved hundreds of dollars to families who could not afford to consult a physician, and they have answered the purpose equally as well.

DAVID'S

You dont believe all the fish stories you hear; "the one that got away" is always the big one; but it is seldom as big a "whopper" as the story he tells about it.

You don't believe all the clothes stories you hear, either; some of them are like the fisherman's tale; there's no way to prove it. Now, we've got a good clothes story to tell you; it's about

Hart Schaffner & Marx Clothes

and we've got the goods to prove what we say about them. Hart Schaffner & Marx clothes are better than any description of them; they're all-wool, which means a lot more than those words convey. They're correct in every detail of style and tailoring; they give a man a correct fit, and make him look and feel well-dressed.

That's why we sell them; and that's why you ought to buy them.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY [Inc.]
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

The MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Wednesday, June 8th, 1910.

"Some autoists are not gentlemen," remarks the Richmond Journal. At any rate we would have to take chances if they were granted the freedom of the city. Guess London will take no more chances on Rough Riders.

Democrats in Congress go right on finding "jokers" in the bills which the Republicans offer as administration measures. A Democrat who may want to vote for what appears to be a pretty good bill, has to strain his eyes to look out for the "jokers."

Dr. Few, the new president of Trinity College, is a South Carolinian by birth and a North Carolinian by choice. North Carolina is the State of opportunities and ability will come where it is recognized. Come to the Tar Heel State and get what is coming to you.

It is stated that a Massachusetts woman has sued her husband for a divorce because he threw rocks at her 32 cats. No doubt he will resist the suit and put in a categorical answer to all her allegations, denying in toto that he intended to hurt her felines.

The Young Woman's Christian Association building at Springfield, Mass., was erected at a cost of $99,998.44, the contractor having been limited to an expenditure of $100,000. Thus the ladies will be convinced that the contractor gave them a bargain.

Democrats who are always firing into each other, when they should be entrenching themselves, needn't bother about wondering why the enemy keeps gainin gon them. There are a great many kinds of Democrats, the most conspicuous of which is the fool Democrat.

The Star believes North Carolinians ought to buy State bonds for the reason that they are as good as gold. Sentiment will not part a man from his money, but it is different with a good North Carolina 4 per cent bond that does not have to be listed for taxation.

To the sredit of Congressmen, it is said that in a period of 12 years there have been only eight who have drank intoxicants to excess. Probably the poor fellows were driven to drink by ambitious home men who tore down their fences while they were expected to stay in Washington and look pleasant.

The esteemed but naughty Greensboro News is still floundering. It was brought down by some piercing arrows from the Democratic quiver and they seem to have taken root. Our Republican contemporary is making it worse and worse by endeavoring to extricate itself from the hole which it dug for itself by endeavoring to make political capital out of the bond episode. Better come on to the press convention and flounder in the surf awhile.

Congressman John Motley Morehead, one of North Carolina's Republican Congressmen, is accused of misusing his Congressional frank for political purposes. The whole Republican machine at Washington does that. In fact in election years the Congressional Record becomes a veritable political document and Republicans and Democrats vie with each other in loading it up with campaign thunder. However, the Republicans know the game better and not only use the Record but get out all kinds of Department documents that on the very face of them are for political effect. Democratic Congressmen also probably misuse the frank, but it does not make any difference what party does so, it is disreputable, outrageous and scandalous.

NORTH CAROLINA EDITORS.

Wilmington is to be honored during the next few days with the presence of many Tar Heel editors who will be here to attend the annual meeting of the North Carolina Press Association which meets today and will conclude its business tomorrow.

It is the Star's peculiarly pleasant privilege to welcome the quill drivers to the hospitable Cape Fear City of the Good Old North State and we do so very heartily in behalf of the people of Wilmington and upon our own account as well.

Wilmington esteems it a most agreeable privilege to open her portals for the newspaper men and she bids them a most cordial welcome. The Cape Fear City owes the editors a debt of gratitude for their kindly interest in her material welfare and progress and for their earnest and effective work in behalf of her aspirations to become a greater port—an ocean gateway for the commerce and traffic of North Carolina and territory as far as the Mississippi. The visit of the editors has indeed been pleasurably anticipated and our people take pardonable pride in the fact that the State Press Association picked out this locality for its annual meeting because it is the most delightful and suitable quarter in the State.

The earnest wish of the Wilmingtonians is that the newspaper men may have joy unconfined while they are here. It is hoped their sojourn will be perfectly delightful and that they may carry away with them the most pleasant recollections of their meeting on the historic Cape Fear. They have left busy shops and laid down the traditional quill for a few days off, so may their outing be to them restful, profitable and enjoyable.

The editors come to Wilmington representing an element which has been a great factor in making their State the great Carolina of today. No calculation can be made of the far-reaching influence of the press in the development of the State's vast and matchless resources and there are daily and weekly evidences of the weight of their influence in the encouragement of North Carolina's agricultural, industrial and commercial progress. If we but eliminate the newspapers from the State's borders we can well conceive what a lack of vital force we would have in the enlightenment, up-lift and progress in the communities which they represent. We can picture how far backward North Carolina would be without her press, and we allude to it to emphasize the importance of the North Carolina editors who are favoring us with their presence.

The demand for the dissemination of the tidings and news of the times dates back to ancient days when it was customary to proclaim events from the housetops. Fancy official communications and news proclaimed from the housetops, with the throng of ancients stopping along the highway or gathering to hear the latest. "Proclaim it from the housetops" was demanded when the news was considered of great importance, while today we merely use the expression by way of emphasizing the magnitude of something that has occurred. Instead, we publish it in our daily, triweekly, twice-a-week and weekly newspapers gotten out with modern machinery and delivered and sent broad cast to carry information to the people.

In early days the news was posted on bulletins in prominent places, and demands for copies of the bulletins prepared the way for the newspaper. There were men, as now, ready to supply the demand, so competition began in sending out bulletins for sale, finally evoluting into small newspapers called "The Bulletin," thus accounting for the name of the oldest newspapers known to us. The modern newspaper men discovered new names for their newspapers and they have taxed their ingenuity in the search for names, even making such astrological requisitions as to furnish us with The Morning Star.

We have diverted, to note the wonderful evolution from the housetop and bulletin news to the newspapers of today, a gratifying evidence of which is found in North Carolina's many excellent, successful and well equipped newspapers of the Twentieth century. From the plodding and toil of old, the struggles against obstacles, adversities and trying circumstances, many North Carolina editors have built homes for their newspapers, ride in automobiles, and have joined the Press Association which Wilmington today acclaims with her warmest welcome.

Civilization and culture create higher standards of living. They call for better clothes and better grub and dietetic diversity. We are living better, want to live still better, and apparently we need somebody to head us off or run into us.

June must be the anniversary of the death of Ananias. At any rate it is the month when the taxlisters in North Carolina come face to face with the spirit of the most noted of prevaricators.

"Are we a nation of gamblers?" asks the Raleigh News and Observer. Nuh! We are merely a nation of suckers who constantly nibble at the bait of the gamblers.

TRUCE WITH THE RAILROADS.

The conference between President Taft and the presidents of the recently enjoined railroads of the Western Trunk Line Association, in Washington, on Monday, resulted in an understanding which will have general approval all over the country. It was the best thing that could have been done under the circumstances and we are sure that it will prevent what promised to be prolonged litigation and turmoil fraught with serious possibilities to the financial and property interests of the country generally.

The agreement between the President and the railroad magnates is really a truce, pending the final enactment of the administration railroad bill now before Congress. Upon concession on the part of the railroads, withdrawing their notice of freight rate increases effective June 1st, filed with the Interstate Commerce Commission, and the further agreement that no more notification of increases will be filed till after the pending railroad bill becomes a law, the government agreed to withdraw its injunction suit restraining the trunk lines from their contemplated increase of rates.

The agreement reached simply leaves the questions and contentions to the abitrament of the Interstate Commerce Commission which will be empowered by the new act to investigate and suspend increases till the Commission inquires into their reasonableness and justification. As a matter of fact, the whole controversy will be left to the Commission to pass upon the merits of proposed increases of rates, whether under the circumstances and conditions any increase is necessary or justifiable.

Naturally the compromise with the railroad presidents would indicate that they had been convinced that they would get a square deal before the Commission, and judging from the ineffectiveness of the old law or the lack of power of the Commission in previous decisions, the railroad people will have nothing to fear under the new act, which is supposed to conserve all interests. Whether it does or does not, remains to be seen, for it is well not to take it for granted that it is going to meet the situation any better than the old law, which at the time of its passage, was considered a solution of the vexed problem of transportation.

We take it for granted that it has been well understood heretofore and is now that all interests are guaranteed a square deal before any of the Federal and State courts or before any tribunal or body with judicial or inquisitory powers. The principle upon which the Federal and State governments were founded is justice and equity, and there should be no reason why the railroads and the people alike should not trust to the Interstate Commerce Commission for a decision on the merits of the case. That is all that is wanted and anything less than that will be dissatisfactory to the people on the one hand or ruinous to the railroad interests on the other hand.

The courts and commissions are the arbiters established by the people and these arbiters should be bound to no one interest, but should hold the balances evenly for the public and the corporations. The corporations really have as much claim to protection in their privileges and rights as the public, for after all a corporation is only a number of the people chartered to do business with certain special privileges and exemptions under law. The stockholders of the corporations are as much a part of the people as any other portion of the public, and they have equal rights to protection in all their interests as any other class of citizens. We take it that it is pretty well understood that the corporations are not to be oppressed and that the law will see to it that they do not practice imposition upon the public by reason of their special privileges, wealth and powerful influence. It is a safe assumption that all that the public demands is a square deal for themselves as well as for the corporate interests.

The real question which the Inter-State Commerce Commission will be called upon to decide is whether the railroads are justified in increasing their rates from 16 to 26 per cent. or thereabouts. The rates have been increased for either of two reasons—one because of the increased cost of operations and the necessity for more revenue to meet increased expenses, and the other involving the exercise of an arbitrary purpose to squeeze the public for all that it is worth and more, too. An ncrease of rates based on necessty and the exigency of the times must be regarded as reasonable, while the squeeze feature must be denominated in political parlance as predatory. It is between these that the Interstate Commerce Commission must decide under the so-called new railroad act for the purpose of regulating transportation.

What this country hopes for is a solution of public service problems by judicious, safe and sane regulation and not by practical confiscation of railway properties, stocks and securities, the latter quite as dangerous to the public welfare as any phase of the perplexing situation.

CURRENT COMMENT.

According to a Massachusetts commission the high cost of living is due to gold. Now, won't the commission investigate the cause of the high cost of gold?—Baltimore Evening Sun.

With the North Carolina Press Association and the North Carolina Good Roads Association meeting there, Wrightsville is to have a famous week. The Observer, which will be ably represented, does not doubt that the press convention, in particular, will prove delightful for all concerned.—Charlotte Observer.

The railroad bill which will be passed by Congress will hardly be recognizable by Mr. Taft when that body gets through with it. The present chief executive of the United States may be a great success in some ways, but he certainly is lacking in the faculty of getting Congress to do what he wants it to do.—Winston-Salem Sentinel.

The action of our friends, the enemy—the Republicans of Rowan county—in rising up in indignation in executive committee meeting Saturday and denouncing the use of whiskey in elections is enough to make an owl laugh.

The news comes from Beaufort that the Beaufort section of the inland waterway will probably be open for traffic about next November. That is good. The bar at Beaufort is being dredged and has already about 18 feet of water. After Uncle Sam gets through with the job it will be found that a great work has been done and eastern North Carolina will be the gainer by a great deal.—Kinston Free Press.

According to a textile mill directory issued by the Southern Railway's land and industrial department, North Carolina cotton mills now have 2,215,751 spindles and South Carolina cotton mills 2,441,724. North Carolina is gaining, so if South Carolina wants to retain first place long she would better look alive. Other Southern States (Georgia is third with 1,206,289 and Alabama fourth with 617,300) are too far behind to count seriously.—Charlotte Observer.

Of course, some of the Republican papers are trying to make political capital out of the trouble this State is having in selling its bonds, but so far they have failed to give publicity to the fact that Pennsylvania, a rock-ribbed Republican State, is having fully as much trouble along this line. The truth of the matter is that financial conditions in the big money-centers are such that this is a rather unfavorable time for the sale of bonds by any State, Republican or Democratic.—Winston-Salem Sentinel.

What is the cause of most of the business failures that have come to North Carolina? Observation for a quarter of a century in eastern North Carolina convinces us that most of the large business failures can be traced to buying futures. Most of the large farmers who have gone to the wall have lost their fortunes by dealing in futures. These facts speak trumpet-tongued for the passage of the pending legislation to end this sort of gambling.—Raleigh News and Observer.

Sophia Gab, probably the oldest woman in Chicago, died there last week. She was supposed to have been 129 years old. Born a slave, she spent most of her life on a plantation near Richmond, Va. When released from slavery during the Civil War she was 87 years old. A still more remarkable story of longevity is contained in the notice of the death of Noah Raby, in New Brunswick, N. J., on March 1. It is asserted with much circumstantiality, that he was born in Gates county, N. C., on April 1 (significant date) 1772, so that had he lived one month longer he would have been 132 years old. He entered the United States Navy as soon as the United States had a navy, and after serving for a number of years was honorably discharged in 1809. He never married, but had smoked and chewed tobacco for 120 years and had at one time been a heavy drinker.—Greensboro eRcord.

THE THIRD DISTRICT.

No Juggling for the Vote of Sampson in Congressional Race.

The Eastern Carolina News, of Kenansville, in its issue of June 9th will say:

The News is in receipt of a communication from Mr. E. M. Koonce, Mr. Duffy's campaign manager, with reference to the report that the friends of Duffy are juggling for the support of Sampson for him for Congress and in return are to support Mr. Henry A. Grady, of Sampson, for solicitor,' in which Mr. Koonce says: 'Neither Mr. Duffy nor any of his friends have attempted at any time or anywhere to make any exchange in any way or manner of the vote of Onslow for that of Sampson, or any other county. In this connection will say, quoting the Bible, "That an enemy hath done this." I hope you will take such steps to correct it as you see the exigencies of the case demand. Yours truly.

Scared Into Sound Health.

Mr. B. F. Kelly, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley's Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." Robt. R. Bellamy.

Look Us Up In Greensboro!

If you want to find out how a man stands you look him up in the community where he lives. Don't you? And the same thing might apply just as well to an institution. If I could induce you to come to Greensboro, see our buildings and grounds and talk with our townspeople about what we are doing—there wouldn't be much question in your mind of the standing of this Institute, I am sure.

If you can't do that—note carefully the picture above. See the spacious buildings, the broad lawns and the shady trees. For the Institute is built on one of the most famous and beautiful old estates in the South—once the home of a former governor of the State. The old mansion now modernized and enlarged into a delightful, comfortable and convenient sanitarium—with every appointment of a perfectly equipped modern hotel

The best way to find out the kind of work we are doing is to ask any of the 6,500 men whom we have cured. I have published a few of their voluntary opinions in a book that is full of vital interest.

You can write me with the perfect assurance that your letter will be treated as confidential.

USING FRANK FOR POLITICS.

Charge Made Against Congressman—Working for McNinch.

(T. J. Pence in News and Observer.)

Washington, D. C., Jnue 6.—That Congressman Morehead has misused his congressional frank that permits him as a congressman to send letters on official business without the payment of postage as is required of other citizens, has just been disclosed. Several members of the North Carolina delegation have received copies of two letters sent out within the past ten days by Mr. Morehead under his congressional frank, which are absolutely political. Congressmen are permitted to use their franks solely for the purpose of corresponding with regard to official business.

One of these letters is an appeal for voters to enter the forthcoming Republican primaries and smash the State organization, which is now in control of the party, though the epistle does not so boldly state its purpose. The other is an appeal for the election of Sam S. McNinch, the Republican candidate for Congress in the Ninth district, who is posing as both a Democrat and Republican. This second letter is an appeal to the textile manufacturers to support McNinch as an exponent of the protective tariff. Just why anyone should support McNinch as a high tariff advocate when he has been a life-long Democratic tariff revision advocate is difficult to understand.

A prominent manufacturer in the State, who received one of these letters, immediately enclosed it to Congressman Webb and in commenting upon it, said: "I am sorry this man has made such an error in sending this letter to me, for I do not stand on his side."

Members of the delegation are being urged to call to the attention of the authorities and Congress the fact that Mr. Morehead is using his frank for poliical purposes.

In the letter appealing to his friends to take charge of the Republican primaries, and overthrow the Duncan forces, Mr. Morehead encloses the following poll, which is undoubtedly intended as the basis of the organization of a Morehead machine:

"Please send me a list of a few Democrats who are liberal enough to be open to the argument of prosperity and the obvious disadvantages of political solidarity that I may send some literature of interest. (If you get duplicate of this letter, kindly hand one to a friend."

CAPE FEAR ACADEMY CLOSES

37th Annual Commencement Exercises Held Yesterday—Address by Beloved Principal and Certificates Awarded.

With appropriate exercises, the 37th annual session of the Cape Fear Academy, one of the best known institutions of learning in this section of the State, closed yesterday morning. The past term has been a most successful one in every way, the enrollment having been large and the work of the students eminently satisfactory both to themselves and the beloved principal, Prof. Washington Catlett.

The Cape Fear Academy is one of the oldest as well as one of the best institutions of learning in Eastern Carolina and some of Wilmington's most prominent business men are numbered among the graduates. The school has been under the leadership of Prof. Catlett for 32 consecutive years and each year the institution grows in popular favor.

The past week has been spent in holding the examinations, which showed satisfactory proficiency in its students. Prof. Catlett made a most interesting and instructive short address to the pupils, who gave him their strictest attention as usual, after which certificates of proficiency in their various studies were awarded the following, the names occurring in the order of excellence:

Advanced Classes—Robert Kingsbury, Hargrove Bellamy, Eure Bell, Julian Keith, Willie Rosenmann, Harry Watters, LeRoy Polvogt, David Sidbury, Leon Futrell and Henry Truelove.

Introductory Classes—Julius Herbst, S. Warren Sanders, Jr.

Regularity in attendance and promptness as well as gentlemanly deportment are so essential in school work and tend largely to success in life that especial mention is made of the following: Those who have received no demerits during the session are R. D. Thompson, Chas. B. Bergen, H. T. Wilson and Wm. Horne. Eure Bell received only one demerit. The following have never been late at roll call: LeRoy Polvogt, Hargrove Bellamy, LeRoy Burnett, Eure Bell, Robt. D. Thompson, C. B. Bergen, William Rosenmann and S. Warren Sanders, Jr. B. H. Moore, R. C. deRosset and Harry H. Watters were late but once each during the term.

The holder of a certificate from the Cape Fear Academy is admitted to the University of North Carolina, and the school is also listed by the Board of Regents of New York and holders of certificates are acceptable for entrance to the schools of that State.

The past year has been one of the most successful in the history of the institution and Prof. Catlett is exceedingly gratified at the excellent showing made by all his pupils.

EXTRA CLYDE LINER HERE.

Chippewa Stops at This Port From Charleston to New York.

The additional boat service from the South to New York provided by the Clyde Line began this week with the arrival here yesterday of the steamer Chippewa, Capt. Chichester, from Georgetown, S. C.

Instead of an additional steamer for the New York, Wilmington and Georgetown Line, as previously stated, there will only be a steamer from the south every other week, which plys between New York and Charleston, to make a stop at this port and Georgetown on her way back North. The Chippewa is one of the most modern of the Clyde Line steamers and will provide better service from Wilmington and Georgetown to the North. The Navahoe and Carib will make regular trips on this line as usual.

REV. GRIFFITH S. JONES DEAD

Noted Sunday School Organizer, Brother-in-Law of Mr. Geo. R. French, Passes Away in Hendersonville.

A telegram yesterday morning conveyed to Mr. Geo. R. French the sad intelligence of the death of his brother-in-law, Rev. Griffin S. Jones, one of the best known and most prominent Christian workers in the western part of the State, which occurred at the home of his nephew, Hon. Charles French Toms, in Hendersonville Monday afternoon, after an illness of a few weeks. Mr. Jones was well known to many in Wilmington and the announcement of his death will be received with profound sorrow by his many friends here.

The body was brought to this city on the late Coast Line train last night and the funeral will be held from the First Baptist Church at 10:30 o'clock this morning, conducted by Rev. Dr. J. H. Foster, the pastor. The interment will be in Oakdale cemetery.

Mr. Jones was about 73 years old and was educated at Wake Forest College, from which institution he graduated in 1861, and was licensed to the ministry. He served as a pastor for a short time in Hendersonville and some nearby churces and afterward accepted a position as professor in Judson College, a Baptist school in the town of Hendersonville, which place he held for several years. In 1866 he married Miss Margaret G. French, the third daughter of the late George R. and Sarah C. French, and they made their home in the town of Hendersonville.

Shortly after marriage Mr. Jones accepted a position with the American Sunday School Union and began his life's work of establishing Sunday Schools in the destitute sections of the mountains of North Carolina. He was a pioneer in this work and for some 30 years or more he was diligent in this service. The schools established under this agency were of a non-sectarian character and as they became self-supporting, churches were established of whatever denomination was in the majority. It would be difficult to estimate the good accomplished in this direction, the elevation and refinement to the then growing but neglected generation. From the Sunday Schools grew the day schools and a desire for more and better opportunities of education was developed in all these coves and districts.

Mrs. Margaret French Jones, his wife, was a faithful worker with him until her death, which occurred in 1904. Since her demise, Mr. Jones has lived with the family of his nephew, Hon. Charles French Toms, and until compelled to take his bed a few weeks ago he continued to carry on his work of establishing schools, visiting those already established and self-supporting and in aiding the feeble ones by words of encouragement and pecuniary means.

Truly, the mountain section of the State has lost one of its most loyal friends and his death will be generally deplored.

GREGG CASE TO JURY TODAY.

Taking of Testimony Concluded and Argument of Counsel Begun.

The taking of testimony in the case of Mrs. Susan M. Gregg, administratrix, against the City of Wilmington and Mr. James F. Woolvin, which has occupied the time of Superior Court for several days, was concluded at the morning session yesterday and argument of counsel was begun late in the afternoon. Two hours of the afternoon session was consumed by counsel in arguing before Judge Cooke a point of law as to whether or not Mr. B. H. Stephens was an independent contractor, as contended by counsel for Mr. Woolvin, or merely an agent for Mr. Woolvin as contended by counsel for the city. At 5 o'colck Judge Cooke, without giving decision either way, instructed counsel to proceed with the argument to the jury. J. O. Carr, Esq., of counsel for the plaintiff, made the opening argument, being followed by ex-Judge E. K. Bryan, of counsel for the city. He had not concluded when court adjourned for the day and will finish this morning.

LOWER RATE NOT FEASIBLE

Wrightsville Beach Property Owners Abandon Efforts to Secure Commuters' Rate—Causeway Project Agitated.

Having held conferences with officials of the Tidewater Power Company and satisfied themselves that the company could ill-afford to grant the request of beach citizens for a commuters' rate, petitioned for recently, the special committee, appointed by Mayor Thomas H. Wright, reported at a meeting of the citizens of the beach in the rooms of the Chamber of Commerce yesterday morning that it would be unwise to prosecute further at this time the petition for the lower rate. The report of the committee was unanimously adopted after the matter had been fully discussed by those in attendance upon the meeting.

The special committee was composed of Mr. J. A. Taylor, president of the Chamber of Commerce; Mr. M. J. Corbett and Mr. Samuel Bear, and the report was submitted orally by Mr. Taylor. He stated that the committee had held conferences with Mr. Hugh MacRae, president; Mr. M. F. H. Gouverneur, vice president, and Mr. A. B. Skelding, general manager of the Tidewater Power Company, and that the officers of the company were firmly of the opinion that they could not afford to grant to the bona fide Summer residents of Wrightsville Beach a round-trip rate of 25 cents and gave their reasons for the position, which appeared to the committee as being logical, especially in some particulars. The Tidewater people take the position that if they granted the bona fide Summer residents a lower rate they would eventually be compelled to make similar concessions to the occasional traveler, and Mr. Taylor, in his report, pointed out that a flat rate of 25 cents would so increase the travel as to require a double track to handle the crowds, necessitating the expenditure of thousands of dollars, which, the company, so it maintains, could not afford to do at the present time. He said that the committee had made its argument to the officers of the company and no further amount of moral persuasion would induce them to grant the concession, leaving as the only avenue of relief through the courts—the Corporation Commission—and then, said Mr. Taylor, suppose you won, you would gain probably $1,000 while the company would lose $1,000,000. Mr. Taylor spoke of the progressive spirit of Mr. MacRae and declared that he has been a great factor in the development of the city; he is a man capable of seeing ahead and is laying plans to meet the future needs of the community and State, mentioning particularly his colonization scheme and harnessing of the water power at Blewett's Falls, and also referring to his development of the gas works. He said that the very fact that the citizens of the community would wage a contest before the courts for a reduction of 10 cents on the rate to the beach and return would discourage the man of big ideas and who is doing so much for the development of this section, should cause the citizens to think seriously before taking such a step. He is always building, never tearing down, said Mr. Taylor, and when you take a broad view of the man we should give him our moral support in his efforts; he asks no more of us. Mr. Taylor also referred to the enormous cost of maintaining the trestle across the Sound and of the great risk taken by the company, the structure being in danger of being swept away at any time. This was a strong point of the officers of the company as a reason why they could not give the lower rate.

Mr. Samuel Bear, Mr. M. J. Corbett, Mr. B. Solomon and others spoke with reference to the question, after which a motion to drop the matter was carried unanimously.

Just before adjournment of the meeting Mr. Taylor brought up the matter of building a causeway from the mainland to Wrightsville Beach, providing for a boulevard for the public and a roadway for the Tidewater Power Company. Mr. Taylor thought that this should be constructed by the county and was satisfied the cost would not exceed $100,000. The Tidewater Power Company, he said, would be willing to pay a considerable annual rental for the privilege of crossing the roadway. The project has been agitated for years by many of the beach property owners who believe it would be a good investment, even for a private corporation. Since there is a revival of the agitation, though in a somewhat new light, it is likely that some definite conclusion will be reached in a short time. Mr. B. Solomon and others endorsed the remarks of Mr. Taylor and Mr. Solomon suggested that Mayor Thomas H. Wright take up the matter with the Board of County Commissioners. He was so much in favor of the proposition that he would be willing to pay an increased tax on his beach property to secure the causeway.

HEARING AT NEWBERN.

Capt. Brown Will Attend From Here. Proposed River Improvements.

Captain Earl I. Brown, in charge of the Wilmington engineer office, leaves today for Newbern, where he will attend the public hearing which will be held by the Board of Engineers for Rivers and Harbors at that place. This Board, the offices of which are in Washington, D. C., consists of Col. W. T. Rossell, senior member; Lieut. Col. W. C. Langfitt, Major W. J. Barden and other members of the Corps of Engineers, U. S. Army, and passes upon all examination and survey reports submitted by the various engineer officers of the United States.

This hearing will be relative to the proposed improvement of Neuse and Trent rivers, the project being to provide channels to conform with the depth of the authorized waterway to connect with the waters of Pamlico Sound with the ocean at Beaufort, Neuse river from Pamlico sound to Newbern and Trent river up to Quaker Bridge.

The Board will hear arguments in favor of the proposed improvements and then will make a short inspection trip over a portion of the streams under consideration.

ST. THOMAS SCHOOL CLOSING

Interestinug Exercises Last Evening at Institution Conducted by Sisters of Mercy—Awards are Made. Address by Father Marion.

Largely attended and most interesting exercises last evening in the hall of the building marked the close of a very successful year of St. Thomas' School, conducted by the Sisters of Mercy, at Fourth and Ann streets, this city, the occasion being the 42nd annual commencement. During the evening the pupils of the schools gave a very creditable rendition of a programme of exercises during which there was a splendid address by Rev. Father Marion, of Asheville, and the award of several distinctions.

Miss Neilie Kelly was the only graduate and she delivered the valedictory, which was a remarkably fine production, receiving the medal and diploma of the school. The handsome medal given by the Knights of Columbus to the student showing the greatest proficiency during the year in Christian Doctrine was awarded to Mr. Walter Bremer, one of the brightest students of the school who showed marked excellence in the purposes for which the medal is given each year. The programme consisted of the presentation of a little playlet, "The Grand Baby Show," by the little girls of the Kindergarten, "The Zobo Patriotic Drill" by the Junior Boys and Girls. "The Ghost in a Boarding School," a comedy in one act, and "The Young Poachers," a drama in two acts, followed by a concert recitation, "Good Night, conferring of medal and diploma and the address. The judge of the first number was Harry Daniels and those who took their parts so admirably in the comedy were Misses Nellie Kelly, Marguerite Bergen, Josephine Croom, Estelle Skipper, Elizabeth House, Janie Elmore, Anna Kay Weeks, Alma Jones and Janie Silva.

In the "Young Poachers," the dramatis personae consisted of Messrs. John C. Freimuth, Roy Sneehan, Willie Quinlivan, Walter Bremer, Jack Sweeney, Elmer Lundy, and Harry Daniels.

The play contained a strong moral for the young people of the church which was brought out most strikingly and pleasingly by Father Marion in his address, which followed, speaking especially to the children and to their parents. The exercises were much enjoyed by all who attended.

Rev. Father Rykazewski, of Pittsburg, Pa., who is a guest of Father Marion in the city, was so forcibly impressed by the good work being done in the school that during the exercises he notified Father Marion that he would establish a medal to be awarded each year to the student making the highest average n conduct and deportment. The medal was not awarded this year but will be given to the student meeting the requirements next session.

Y. M. C. A. WORK GROWING

Twenty-Four New Members Elected. Gratifying Reports Made.

The work of the Young Men's Christian Association in May indicates increasing interest and gratifying progress along all lines. The regular monthly meeting of the board of directors was held last night with seven directors in attendance. Mr. L. B. Rogers, of the Finance committee, reported that there is sufficient funds on hand to meet all expenses incurred during May. The board received 24 applications for membership and the applicants were duly elected members of the association.

The physical work committee reported that all the classes met regularly during May and that there was an increase in both attendance and interest over any previous month of the season. The committee is planning a business man's locker room for the purpose of relieving the congested condition of the present room. The plans will be in shape to be accepted at the next meeting, as it was decided that the work shall be done.

The report on religious work showed that during the past months 4 meetings were held under the auspices of the association, and that the attendance at the meetings footed up 1,134. The five Bible classes met each week with increased interest and attendance.

The board of directors was exceedingly gratified at the reports submitted and it is hoped that the good work will be given a new impetus.

New Dredge for Cape Fear Bar.

The United States Engineer office has secured from the Galveston District the sea-going suction dredge, General C. B. Comstock, and that dredge is now on her way to Wilmington, where she will work on the Cape Fear river bar. This dredge has two 15-inch pumps, with a bin capacity of 640 cubic yards, is 764 gross tons, 177 feet long, 35 feet beam, and was built in 1895 at a cost of $90,000.

NORTH CAROLINA BANKERS

Programme for the Annual Convention at Wrightsville Beach Announced Yesterday—Many Are Expected.

It is expected that fully 400 bankers of the State and members of their families will be here for the annual convention of the North Carolina Bankers' Association, which meets at Seashore Hotel, Wrightsville Beach, Wednesday, Thursday and Friday, June 22nd, 23rd and 24th, the programme for which was announced yesterday by the local committee in charge of the arrangements, which is composed of Mr. Charles E. Taylor, chairman; Mr. Thomas E. Cooper and Mr. Milton Calder.

A special Pullman train will be run from Charlotte via Greensboro and Raleigh, arriving here on Wednesday, and most of the delegates will come on this train, going directly to the Seashore hotel, which will be headquarters. The first session of the convention will be held Wednesday evening at 8:45 o'clock in the assembly hall of the hotel. Following a prayer by Rev. W. E. Cox, rector of St. John's Episcopal church, the address of welcome will be delivered by Mr. J. Allen Taylor, president of the Chamber of Commerce. The response will be delivered by a prominent visiting banker, whose name will be announced later. The preliminary meeting will be followed by a reception in the ball room of the hotel complimentary to the ladies in the party.

The first business session of the convention will be held Thursday morning, at the close of which the visitors will board special suburban cars and come to the city and embark on the handsome steamer Wilmington for a trip to Fort Caswell and out to sea. A stop will be made at Fort Caswell and the visitors will be given an opportunity to inspect one of the greatest fortifications on the Atlantic coast. Returning to the city at 7:15 P. M. the party will go to the beach on special suburban cars. At night the visitors will be entertained by the Tidewater Power Company with a souvenir dance at Lumina.

Another business session will be held Friday morning and in the afternoon the visitors will be provided with complimentary tickets to the baseball game between Wilmington and Fayetteville. The concluding business session will be held Friday evening.

FINE OUTING YESTERDAY.

Annual Excursion of Boys' Brigade to Carolina Beach.

Hundreds spent yesterday very pleasantly at Carolina Beach, the ocasion being the annual excursion of the Boys' Brigade which event is looked forward to with happy anticipation from year to year. The steamer Wilmington made three trips to the pier during the day, morning, afternoon and evening, the last boat returning to the city about midnight. There was a large crowd aboard on each trip of the boat. The day was spent in various ways as best suited the taste of the individuals and all had a most pleasant outing. An attractive programme of sports had been arranged and this afforded entertainment and amusement for many.

MET WITH A. C. L. OFFICIALS

Delegation Here Yesterday Several Towns on the Coast Line Asking for Additional Train Service.

In the city yesterday was a delegation of citizens from various points between Bennettsville and Red Springs, on the A. C. L., to confer with Coast Line officials relative to a through train via Red Springs. During the day a conference was held with General Manager W. N. Royal, of the Coast Line, before whom the matter was laid. The delegation was cordially received by the railroad official, who promised to take the matter under consideration.

A meeting of representative citizens from various points along the Coast Line, between Bennettsville and Red Springs, was held at the former place last Friday and a committee appointed to come to Wilmington and lay the matter of a through train on the Red Springs road before the proper officers of the company. The following named was the committee appointed: From Red Springs, Dr. C. G. Vardell, Dr. J. Luther McMillan; McCall, B. F. Smoot, Robert Chapman; Lamar, L. J. Beasley, G. W. Stith; Bennettsville, T. E. McCall, A. J. Matheson, F. G. Hollis, D. M. D. McLeod; Maxton, J. W. Carter and E. F. McRae; Darlington, D. T. McKeithan and C. B. Edwards.

Among those here yesterday were Dr. Vardell, of Red Springs, who was a guest of his friend, Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian Church; L. J. Beasley, of Lamar; F. G. Hollis, of Bennettsville; Messrs. J. W. Carter and E. F. McRae, of Maxton, who were guests at The Orton.

Sale of the U. S. S. Hornet.

Monday's Baltimore Sun says: "No one appears to want the little converted yacht Hornet, a relic of the Spanish-American War, at anything like the price set upon her by the navy appraisers, who fixed the value at $7,000. Bids for her sale disclosed the fact that only one bidder, A. Olsen, of Brooklyn, would give as much as $1,800 for the antiquated craft."

PROF. GOLDWIN SMITH DEAD

Educator and Writer Passes Away In Toronto, Ont.

Toronto, Ont., June 7.—Professor Goldwin Smith, one of the most distinguish educators and writers of modern times, died at The Grange, his home here today. Dr. Smith was unconscious practically all of today, following a serious turn in his condition last night.

Early in February Dr. Smith slipped on the polished floor of the hall in his home and fell, fracturing his thigh bone.

At times he suffered intense pain from the broken bone which did not knit.

Goldwin Smith was born August 12, 1823. He was the eldest son of the late Richard Smith, M. D., of Reading, England. Educated at Eton and University College, Oxford, he was elected a Fellow of Oxford when 24 years old. He was admitted to the bar at Lincolns Inn, but never engaged in the practice of law. He was a tutor of King Edward when the latter was Prince of Wales. In 1853 he was appointed regius professor of Modern History at Oxford, retaining that chair until 1866.

Dr. Smith first visited America during the Civil War and was given an enthusiastic reception as a champion of the cause of the North. In 1866 he again came to the United States and became professor of English and constitutional history at Cornell University. That position he exchanged in 1871 for a non-resident professorship and removed to Toronto.

AUDIT AND FINANCE BOARD

Regular Semi-Monthly Meeting Last Night—Long Session, But No Business of Any Special Importance.

The Board of Audit and Finance was in regular semi-monthly session last night for nearly three hours, but most of the time was consumed in discussions. The features of the meeting were the refusal to reconsider the appropriation for lights so as to restore the Tungsten arches in the down town district; favorable action upon a request for an increase of $5 a month in the salaries of the health officers; refusal to take action with reference to the creation of the office of city detective, and the recommendation that $100,000 water and sewerage bonds be sold met a like fate, as did also the appropriation of $1,000 for street curbing.

The board met at 8 o'clock with Chairman M. J. Heyer presiding and Messrs. Wilder, Tiencken and Cooper, members of the board in attendance. Present also were the clerk, Capt. Thos. D. Meares, Capt. Louis Belden, chairman of the Street Commission; Aldermen Bonitz, Fales, Stone and Ellis, Chief of Police N. J. Williams, City Engineer Humphreys, Superintendent of Streets Grant, Capt. E. A. Metts, of the W. L. I., Thos. D. Meares, Jr., Esq., and R. C. Cantwell, superintendent of the waterworks system.

The first matter before the board was a petition from 105 persons in the business district asking reconsideration of the action of the board in cutting in half the appropriation of $4,400 for Tungsten arch lights in the business district. Alderman Stone, chairman of the Light Committee of the Board of Aldermen, was present and urged reconsideration of the former action and the passage of the entire appropriation. Mr. Stone also read a statement showing the increase in the number of lights in the outlying districts during the past few years. Also he exihbited a map showing the location of all the electric lights in the city, stating by way of parenthesis that it was the best lighted city in North Carolina. It was shown that the lighting in the down town district cost one-fourth of the total amount expended for city lights. Mr. Tiencken called attention to the fact that Wilmington was one of the very few cities on a moonlight schedule and "when the poor moon goes behind a cloud the city is in darkness." Mr. Wilder moved reconsideration of the former action and it was seconded by Mr. Cooper. Both Messrs. Wilder and Cooper voted for reconsideration, but Mr. Tiencken not voting, the chairman declared the motion lost.

Capt. Belden, chairman of the Street Commission, stated that the money in the hands of the Street Commission was for permanent street work and not for repairs and urged the board to make an appropriation so the repair work could continue to be handled by the Streets and Wharves Committee of the Board of Aldermen. After some discussion it was decided that the repair work came under the head of the Street Commission, but the body could assign it to the Street and Wharves Committee and Captain Belden and Alderman Bonitz will make some arrangements by which the latter will look after the repair work.

Alderman Stone requested that the board increase the annual appropriation for street lighting to $18,096, the board at the last meeting having shaved down the appropriation as it came from the Board of Aldermen. Mr. Wilder moved for reconsideration and that the appropriation be made $18,000 this meeting with the approval of Mr. Cooper, who seconded the motion. The motion was lost, however, as Mr. Tiencken did not vote.

A communication was read from Dr. Joseph Akerman setting forth his duties as city superintendent of health, being the same as made before the aldermanic body and from which board it was transmitted. Dr. Akerman was present and was asked to supplement his written statement, which he did. Dr. Akerman referred to the action of the Board of Aldermen Monday night in voting to enlarge the duties of the city superintendent so as to make him city physician as well, recommending a salary of $1.500 a year, and Dr. Akerman said that if the duties were enlarged as proposed the city would have to elect another in his place for he would not have the position at $3,000 a year and the city furnishing an automobile.

Favorable action was taken by the board on a request made by Chairman S. J. Ellis, of the Sanitary Committee of the Board of Aldermen, for an increase of $5 a month in the salary of each of the three health officers. The salary of the city superintendent of health was fixed at $900 for the present fiscal year, being the same as last year. Capt. E. A. Metts, of the W. L. I., appeared before the board and stated the reasons why, in his opinion, the appropriation to the W. L. I. should be increased from $500 to $600 a year. The increase was granted. Alderman J. B. Fales asked for concurrence with the Board of Aldermen in an appropriation of $300 for sinking two deep wells in the Fifth Ward. In the official communication from the Board of Aldermen no mention was made of the appropriation, hence the board took no action, but it was the sense of the body that the appropriation would be concurred in when properly presented. The board declined to pass upon the bonds of near-beer dealers given in accordance with the near-beer ordinance. Members of the board did not see what right they had to accept bonds from the near-beer dealers.

The board declined to concur with the Aldermen in appropriating $1,000 for putting down curbing as asked for by Alderman Yopp at the meeting of the Aldermen Monday night. Alderman Bonitz addressed the board with reference to the action of the Aldermen in creating the office of city detective, telling of the importance of such an office. Mr. Tiencken made the point that the office should come under the supervision of the Police and Fire Commission, otherwise there would be confusion. No action was taken. When the resolution of the Board of Aldermen recommending the sale of $100,000 water and sewerage bonds was read, Chairman Heyer stated that it was a bad time to place bonds on the market. No action was taken.

A communication was read from City Engineer Humphreys asking the board to fix the salary of the rodmen at $1.60 a day; assistant city engineer, when his services are needed, at $100 a month, and that of Mr. VonGlahn, during the Summer months, at $3.08 a day. The request was granted. Mr. R. C. Cantwell, superintendent of the waterworks plant, appeared before the board and explained the necessity of purchasing a dozen sprinkler connections for hydrants. The connections will cost only $5 each, and the money is to come out of the appropriation of the Streets and Wharves Committee. The connection will be a protection to the hydrants that are used by the street sprinkler.

The board concurred with the Water and Sewerage Commission in making minor increases in the salaries of some of the clerical force, the same to be effective from June 1st last. After the approval of the bills for the past fortnight the board adjourned shortly before 11 o'clock.

BIG CARGO OF MOLASSES.

British Schooner Comes to Covington Company From Barbadoes.

The British schooner A. B. Barteaux, Capt. Barteaux, arrived yesterday from Barbadoes, with the largest cargo of fine molasses ever received at this port and is consigned to the C. C. Covington Company. The vessel will begin discharging at one of the warehouses of the company today.

The schooner made a good passage from the West Indies, covering the voyage of 1,800 miles in 13 days. This is the second cargo of molasses received by this enterprising firm within the past three months and another cargo is expected within a short time. It will be recalled that the C. C. Covington Company recently bought out Messrs. Blair & Healy, Inc., which materially added to their warehouse facilities, providing room for the big cargoes from the West Indies.

The cargo of the Barteaux embraces 500 puncheons and 1,188 tierces. Capt. Barteaux is well known at the port of Wilmington and is being pleasantly greeted by old friends.

SELLING WHISKEY CHARGED.

W. S. Mintz Arrested Yesterday for Violating Prohibition Law.

W. S. Mintz, who has been conducting a restaurant on Dock street, where he was also engaged in the near-beer business until the beginning of the fiscal year, was arrested early yesterday afternoon by Patrolman C. G. Jones on a warrant charging him with selling whiskey to J. C. Bowen Sunday June 5th. The warrant was sworn out by Patrolman Leon George. Mintz is also charged with doing a business without license. He gave bond for his appearance at trial before the Recorder this morning. Mintz made application to the Board of Aldermen Monday for license to conduct a restaurant, but unfavorable action was taken by the board. J. C. Bowen, to whom the sale of whiskey is alleged, was arrested yesterday afternoon by Patrolman Leon George on the charge of drunkenness and it is presumed that he gave the officer the information upon which the warrant against Mintz was based.

COTTON MARKET IRREGULAR

Strength of Statistical Position Tended to Offset Bearish Influence—Cables From Liverpool Generally Bullish.

New York, June 7.—The cotton market was very nervous and irregular today the strength of the statistical position and the old crop months tending to offset the bearish influence of favorable weather and crop advices. The close was steady, net 9 points higher to 8 points lower.

The market opened steady at an advance of 1 to 17 points and during the early trading sold about 16 to 20 points higher on the old crop with July touching 15.30 and August 14.66, or new high ground for the movement. The new crop was relatively easy owing to favorable weather in the South and some Southern selling, but it responded partly to the old crop strength which was due to continued covering of shorts, firm cables and large Liverpool spot sales, with the active Fall and Winter deliveries selling about 4 to 5 points net higher during the early session. It looked as if this bulge had exhausted the more urgent demand from shorts, and after the close of Liverpool, the market here became rather easier. A break in New Orleans and Southern selling following the publication of a favorable weekly weather report increased the loss and before the decline was checked the old crop sold off to the closing figures of last night and the new crop to a net loss of about 9 to 11 points. At this level, however, there was a renewal of bull support and covering, on which the market rallied in the late covering. Southern spot markets officially reported early were unchanged to 3-8c higher. Private cables from Liverpool were generally bullish owing to the large trade demand and small available supplies, and Liverpool houses were buyers of the old months during the morning. The continued good weather in the South is leading to predictions of a bearish July bureau, but it is probably felt that there is still time for unfavorable conditions to change the outlook while selling for short account is held in check by continued fear of an end-season squeeze.

Receipts 5,065 bales today at the ports against 12,547 last week and 13,600 last year. For the week 35,000 bales against 36,463 last week and 51,323 last year. Today's receipts at New Orleans 1,329 bales against 3,015 last year and at Houston 396 bales against 706 last year.

Cotton: Spot closed quiet; middling uplands 15.20; do gulf 15.45; sales 7,867 bales.

A DEMAND FOR COTTON.

Sharp Advance in Liverpool Yesterday —Crop Deliveries.

New York, June 7.—An active demand from Manchester spinners, accentuated by the covering demand from the continent, advanced the Liverpool market some ten points over yesterday and carried prices here to the highest point of this week.

On the advance it was thought that there was some liquidation in progress, which resulted in a slight recession at the close of business, but it is evident that it is eliminated, either through liquidation on the part of holders or by shipment of cotton here from the South.

New crop deliveries closed a shade lower because of the continued good weather throughout the South, which leads the trade to look for an improved crop report next month. It is expected tonight that the Liverpool market will show some reaction tomorrow.

THE GRAIN MARKET.

Chicago, June 7.—Twice today the wheat market broke badly because the short interest had been squeezed out in rapidly made advances. July delivery was more flighty than the deferred months, fear being shown as to possibility of a trap in that future. The close, however, was fairly steady at a net loss of 1-8 to 1-4 to 3-8. Corn was heavy even when wheat was strong and finished 3-4 to 1c off. Oats at the end of the session had been 3-8 to 1-2 lower and provisions also were down 5 to 12 1-2.

DAY OF RECOVERY FOR STOCKS

Prices Again Normal Following Settlement of Dispute Between Government and Railroads—Disorder on Market.

New York, June 7.—The stock market greeted the news of an agreement on the rate dispute between the government authorities and the railroad executives with a spasmodic recovery of the decline of several days past. The demand from uncovered shorts was so urgent and imperative as to cause an opening jump in prices rarely equalled for wildness and disorder. When the first wild scramble of the bears to cover shorts was over then there ensued a more conservative view of the situation and it was not until the end of the day that prices rose again to the best.

The difficulty of appraising the news grew out of the stress laid in the previous speculation as immense importance to the railroads of the increased freight rates which the government was opposing. The influence of the announcement from the White House was enhanced by the professions of satisfaction from railroad officials, who had expressed much alarm over the suit to enjoin the rate advances and the opinion that the threatened cessation of improvement expenditures might not prove necessary. Negotiations, it was said, for the sale of $15,000,000 of the Michigan Central bonds in Paris which had been suspended, would be resumed, and this assertion was of more effect on sentiment than yesterday's news of the sale of $25,000,000 of Southern Pacific bonds in Germany in spite of the rate injunction.

The unsettled tone which intervened after the opening jump was much emphasized by the natural tendency to realize profits on so considerable a venture. The market was favorably affected by the computations made by officials of the railroads of the time that can be saved by putting into effect new freight rates, by the consideration that could be given to the new schedules, by the commerce commission pending the enactment of the new railroad law.

Bonds were irregular. Total sales par value $2,768,000. United States bonds were unchanged on call. Total sales today, 1,044,400 shares.

A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c. at Robert R. Bellamy's.

IOWA PRIMARIES YESTERDAY

Closely Contested in Several Districts With Result Unknown.

Des Moines, Iowa, June 7.—Up to a late hour tonight results of Iowa State primaries were unknown as to the Republican gubernatorial nomination and Congressional nomination in the closely contested first, seventh, eighth and ninth Congressional districts. Fair weather kept many voters at work on their warms and the vote as a whole was lighter than expected. Earliest reports showed Governor B. F. Carroll, Republican, leading for governor against Warren C. Garst, Progressive.

Following unopposed Congressional candidates were nominated by Progressives. All standpatters had contestants:

Second district, Charles Grilk, of Davenport; third district, Charles E. Pickett, of Waterloo; fourth district G. N. Haugen, of North Wood; fifth district, James W. Good, of Cedar Rapids, S. C. Huber, of Tama, Democrat; sixth district N. E. Kandall, of Albia; Daniel W. Hamilton, of Sigourney, of Democrat. Eleventh district, Elbert H. Hubbard, of Sious City. Of the foregoing all the Republicans are incumbents except Grilk.

The polls closed at 8 o'clock in the cities and at 9 o'clock in the rural districts. This made returns late especially in close districts. There were Republican contests in the first district where S. W. Brookhart entered the lists against Congressman Kennedy, a standpatter in the seventh. Judge Prouty for the fourth time sought to vanquish Congressman J A. T. H.ıı; in the fifth, the old Hepburn district, where the progressives and stalwarts are fighting against each other in the respective persons of John H. Darra and Judge H. M. Towne; and in the ninth where Attorney General H. W. Byers, ran against Congressman Walter I. Smith.

First returns from 14 precincts out of 48 in Des Moines gave Prouty 1,365 against Hull's 1,213; B. F. Carroll, for Governor had 1,152 as compared with 1,837 for Warren C. Garst, Progressive. Governor Carroll made his campaign on his State r ecord, ignoring National topics, but his support came largely from tne Iowa Taft Club, which is organizing in every precinct to obtain an endorsement of the Taft administration at the State convention next August. Garst was supported by Senator Summins and Dollover, on a Progressive platform.

Incomplete unofficial returns at midnight point with considerable certainty the nomination of Congressman Kennedy, stand pat, in the first district, and Congressman Smith, also regular, in the ninth. Prouty, progressive, seemingly has a safe lead over Hull in the seventh. Carroll for Governor, leads on exceedingly meagre returns.

The Des Moines Capital, regular Democratic, in a midnight extra edition claims the nomination of Congressman Kennedy and Smith, and H. M. Towner, all stand patters for Congressional nominations and Carroll for Governor. The extra makes the Hull-Prouty contest doubtful.

CONVICT ESCAPES.

Monroe Negro Failed to Respond to Call for Water.

(Special Star Correspondence.)

Monroe, June 7.—Jim Carelock, a negro serving a five year term on the roads for breaking in the postoffice at Marshville, escaped this morning, and is still at large. This morning Carelock had been left to carry water to a gang of "trusties", who were working at the rock quarry, all the guards being at the rock crusher some distance away. It was only when repeated calls for water brought no answer that Carelock's escape was discovered. It is supposed that he slipped away at about 7:30, and it was an hour and a half later when one of the convicts got a mule and went to camp for the blood hounds.

A searching party consisting of two of the guards and Constable Fowler took the trail with the hounds, and ran five or six miles. The dogs were easily fatigued from want of exercise, and finally lay down, refusing to pursue the chase. The negro went toward Marshville, the trail being lost on Bearskin Creek, about four miles from that place.

Chicago, June 7.—One boy was shot and twenty others were seriously beaten today when a crowd of young rowdies stormed Chase house, a university settlement. Members of Chase house were playing basket ball when the attack was made. The players and spectators were beaten with revolves, clubs and stones. Although a riot call was sent to the stock yards police station the police did not arrive in time to make arrests.

Fond Du Lac, Wis., June 7.—General Edward Bragg, famous commander of the "Iron brigade" reported ser of the "Iron Brigade" reported se cident several months ago, tonight was declared much better by his physicians, who believe that he will recover.

NORTH CAROLINA EDITORS ARRIVING

(Continued From Page One.)

serving the Cape Fear and its possibilities of development, spending a short time at Southport or at Carolina Beach as they may select. Capt. Harper has been host of the Press Association before and those who have accompanied him are prepared to testify to his generous hospitality and his oportunities for entertaining on the splendid steamer Wilmington.

At the banquet tomorrow night, Mr. Chas. N. Evans will preside as toastmaster and there will be a number of set responses besides a large number of impromptu talks. The set addresses will be as follows:

"The State Press"—Hon. John M. Julian, of the Salisbury Post.

"North Carolina Waterways"—Hon. E. J. Hale, of the Fayetteville Observer.

"Wilmington's Relation as a Gateway to the Commerce of North Carolina"—President J. A. Taylor, of the Wilmington Chamber of Commerce.

"The Press as a Builder"—Hon. W. C. Dowd, of the Charlotte News.

"North Carolina, an Inspiration to the Press."—J. O. Carr, Esq., of the Wilmington bar.

Notes of the Meeting.

A big feature of the convention will be the souvenir dance given complimentarily to the editors and other visitors on Friday evening at Lumina by the Tidewater Power Company. Japanese night in the past at Lumina has always been the prettiest of the Lumina entertainment and an effort will be made to make the affair Friday night more elaborate and prettier than ever. The souvenirs for the occasion will be especially attractive.

At a late hour last night Manager W. G. Sale, of the Western Union office in this city, received authority to extend to the editors of the Press Association the courtesy of free transmission of all social or family messages during their stay in the city. This, however, applies only to the lines of the Western Union in the city and messages from the hotels will have to be sent or telephoned to the main office in this city.

Not only are the editors, members of their families and friends here in great numbers, but many of the most prominent printers' supply houses in the United States are represented at the meeting of the Association. Among the more prominent visitors are Mr. Walter H. Savory, of Trenton, N. J., that "fellow of infinite genius" who has solved the problem of modern newspaper making in many a North Carolina shop with the Mergenthaler linotype and the "Linotype Junior", and Mr. Arthur S. Pease, Southern representative of the Goss Printing Press Company, builders of some of the finest and fastest newspaper presses known to the craft. Mr. Savory is accompanied by his assistant, Mr. W. L. Parks, an expert in that marvel of mechanism, the linotype, and all three are receiving a cordial greeting both from the local and visiting newspaper men. Mr. Parks is accompanied by Mrs. Parks and they are taking a vacation at the Seashore while Mr. Parks is "circulating" among the fraternity.

ESTRADA SEEKING PEACE

Nicaraguan Insurgent Leader Appeals to Cartago Court.

Washington, June 17.—General Estrada, the Nicaraguan insurgent chief, has appealed to the Cartago Court of Justice asking its influence to obtain from President Madriz a reply to his offer of March 14th last, proposing that the United States mediate between the two and that an election be held for president at which neither Estrada nor Madriz should be candidates.

Following is tne text of the letter sent by Estrada to the President of the court through the United States consulate at Bluefields: "Now that we have totally destroyed the armies of Generals Lara, Godoy and Chavarria, which were arrayed against Bluefields and Rama, with the loss of all their essentials of war and hundreds of lives, the provisional government believes it to be its duty, animated as always, by these sentiments for peace, to insist on the negotiations pending with Dr. Madriz who has not as yet replied to our message, dated March 14th, last.

"To accomplish this end, which will terminate the misfortunes which affect the nation, perhaps appeal to your honorable tribunal which has nobly expressed himself as interested in the peace and transquility of this poor country that it may interpose its valued influence with Dr. Madriz to the end that he accept our proposals, which consist principally in the friendly mediation of the American government and other basis already brought to the knowledge of your high tribunal.

(Signed.) "JUAN ESTRADA."

BROWARD MAY BE ELECTED.

Second Primary for United States Senator in Florida.

Jacksonville, Fla., June 7.—In the second primary for United State Senator held today the returns are far from complete and a fair estimate impossible. However, if ex-Governor Broward's gains continue as they did in the early returns, it is evident that he will be nominated for United States Senator over Senator Taliaferro by a majority of 1,500 to 2,000 votes.

Senator Taliaferro lost heavily in the three principal cities, Jacksonville, Tampa and Pensacola, which gave him his greatest strength in the first primary. On the other hand ex-Governor Broward appears to be losing strength in the country precincts. At midnight tonight both Taliaferro and Broward claimed victory.

WM. D. CRUM NOMINATED.

South Carolina Negro for Minister to Liberia.

Washington, June 7—President Taft today nominated William D. Crum, of South Carolina, to be minister resident and consul general at Monrovia, Liberia. Crum is the negro whose appointment by Mr. Roosevelt as collector of the port at Charleston raised such a storm of protest in the South.

Lisbon, June 7.—An official dispatch from Lorenzo Marques, Portuguese East Africa, says that an excursion boat crowded with working people capsized today, 32 of the excursionists being drowned.

DEFIES THE UNITED STATES.

Trouble at Bluefields Continues Serious—Threaten Consul.

Bluefields, Nica., June 7.—General Rivas has practically defied the United States, declaring that he will disregard the proclamation issued from Washington on May 31st to the effect that the United States government will deny the right of either faction to seize American owned vessels or property without consent of and recompense to the owners.

He has warned Commander Hines that he will prevent by force regardless of flag, any further vessels from entering the harbor. In response to this the American commander immediately sent to him a message which would mean the annihilation of the handful of Madriz troops now remaining in this neighborhood.

A critical situation has thus arisen which may involve the United States, but the American officers here are of the opinion that General Rivas will not attempt to make good his threat in an effort to colect customs duties.

There are constant rumors of threats against the life of Thomas P. Moffatt, the American consul here, and the whole situation at Bluefields instead of quieting has assumed a more serious aspect.

OUTRAGE AT ORMOND, FLA.

Two Middle-Aged Women Brutally Assaulted by Italians.

Ormond, Fla., June 7.—Two middle-aged women named Fluehart were brutally assaulted here early Sunday morning by an Italian laborer one of a gang employed in this neighborhood. One of the Misses Fluehart was an invalid and is in a critical condition. A mob of several hundred gathered here at noon, but were persuaded not to attempt the lynching at once.

The sisters were preparing to retire shortly after midnight Sunday morning when they were attacked. Evidently desiring to avoid publicity, the women denied until today that either had been assaulted. Today, however, it was admitted that the elder sister had been mistreated and when the Italian was taken before her she identified him.

The younger sister told the authorities she believed a negro committed the assault and not an Italian.

This uncertainty of identification is the only thing that prevented the Italian being lynched today.

A reward of $500 has been offered for information that will lead to the conviction of the guilty person.

The Fluhart sisters are spinsters, each over 60 years of age, and live alone five miles north of Ormond.

Chicago, June 7.—The large wager in Chicago on the coming Jeffries and Johnson prize fight was made today between Andy Craig and Edward Dickinson. Craig bet $10,000 against $6,000 that Jeffries would win. The wager was made at a hotel following a discussion of the fight among a party of politicians and sportsmen.

Instant Relief for Sore Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them.

Policemen all over the world use TIZ. Policemen stand on their feet all day and know what sore, tender, sweaty, swollen feet really mean. They use TIZ because TIZ cures their feet right up. It keeps feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powders or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emzy Harrell, Austin, Texas.

You never tried anything like TIZ before for your feet. It is different from anything ever before sold.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

CARPENTER SHOT OFFICER.

Tragedy Occurred in Virginaia Yesterday—Both Wounded.

Petersburg, Va., June 7.—Enraged that Policeman Ed Bridges of the village of Ettrick should take him to task, it is alleged because of his habits, Lazarus Moore, a carpenter of that place, shot the officer in the abdomen late tonight. Bridges returned the fire, inflicting a wound which caused Moore's death in about an nour. Bridges, it is said, will live. The shooting occurred in the workshop of Moore.
